Newington Home Damaged By Fire

Wednesday morning about 11 a.m. fire broke out in the home of Mr. Bert Newington. The Edson volunteer fire department was called and responded immediately. The house was cleared of its valuables in a matter of minutes, by a group of volunteers from the fire department.

The fire, it is believed, started in the attic from an overheated chimney from the kitchen range. Through the shock of the fire, the flames were usually confined to the attic although there was extensive smoke and water damage to the rest of the building.

Mr. Newington was the only person at the time and also escaped unhurt.

51 Less Jobless This Year

The local unemployment seems to be the lightest than at the same time last year. As at January 8, there were 445 men and 134 women, a total of 579 as compared with 528 and 121 women, a total of 649, on January 9, 1958. This is 11 less this year than at the same time last year.

A comparison of the lowest registration for jobs at the local UIC office are:

Month	Men	Women	Total
January 1958	445	134	579
February 1958	430	120	550
March 1958	415	115	530
April 1958	400	110	510
May 1958	385	105	490
June 1958	370	100	470
July 1958	355	95	450
August 1958	340	90	430
September 1958	325	85	410
October 1958	310	80	390
November 1958	295	75	370
December 1958	280	70	350

Approximately 400 men are at present engaged in highway clearing at camps 20, 41 and 42 on the Jasper-Banff highway and at the Shindiga Highway and at the Shindiga Highway and at the Shindiga Highway.

At present no labour shortage is being experienced, but good ones are in steady demand.

M. D. Meade Edson Man On Yellowhead Route Group

More Federal financial help is needed for the completion to Trans-Canada standard of the famous Yellowhead route, the annual meeting of the Trans-Canada Highway System Association (Yellowhead Route) decided in Edmonton last Saturday.

President of the Edson Board of Trade M. D. Meade, who, with Mr. L. A. Mahon, represented Edson at the meeting, was named one of the Alberta directors of the Association. Mr. O. C. Olson of Jasper was also named a director. Mayor W. Haverich of Edmonton was unanimously re-elected association president.

Representatives were present from the four Western provinces. An improved gravel road connects Edson with the west boundary of the park.

A report on progress of the highway through Jasper Park was given by Mr. Olson. Surveys of the 31 mile section between Jasper town and the west gate, for the purpose of reconstruction to Trans-Canada Highway standards have been completed by the federal department of public works and surveys of the surveys had been given for the section north to 13 Jasper is Alberta River bridge, and mile 21 to 23 (about 10 miles to west gate).

Approval of the middle section, mile 11 to 21, is expected to be granted in the near future, leading minor adjustments in the survey. Clearing and grading has been completed on the new high road on page 12.

Edson's First Lady Mrs. E. Trapp Passes

Word quickly spread Thursday just after dinner that Mrs. Elizabeth Trapp, beloved wife of Mr. C. E. Trapp, had passed away suddenly in Edmonton after undergoing an operation and apparently being on the road to recovery.

In her 74th year, Mrs. Trapp has been associated with Edson and everything worthwhile in the community, since taking over the small Edson hospital during the 1918 flu crisis. She taught school at Marlborough in 1922, went back to her birthplace in County Monaghan, Ireland for a visit, and then returned in 1924. Mrs. Trapp first came to Canada in 1911 and taught school at Loughland and then in Southern Alberta and briefly in Edmonton before coming to Edson.

A lady of ideals and forcefully expressed ideas, she made Edson a better place in which to live through her committee work, her bridge association, her church work, her political convictions, were the kind that make democracy a live system.

In recent years the examples come in many of her wonderful courage, she carried on almost single-handed with Edson's Agricultural Society before the war and just after the last war operation, she gave for a swimming pool which is only now being realized. There are many, many other examples we could cite, but she will be truly missed from the Edson scene.

Mrs. Trapp is survived by three brothers, David and James Cunningham at Cranford, Alberta, and Jackson Cunningham in New Zealand; one sister, Miss Madeline Cunningham in Edmonton; one daughter, Mrs. W. Margaret Mills and two granddaughters in Edson. She was preceded by one daughter in infancy and an adopted son, Tommy Cunningham, in early childhood.

Funeral services will be from Edson United Church and have been tentatively set for 2:30 p.m. day after tomorrow. No flowers by request.

'56 Building Permits Pass Half Million

While not quite up to those issued by the Town in 1957, building permits for 1958 total 544,721, for the year ending 1957, 571,741. The only major building permit up this total was the \$222,100 for the new telephone building.

Of the 1958 total, \$222,100 was for commercial building (including the telephone building) while the other half of the total was for residential construction.

During the year there were 24 building permits to make 1958 one of our six home building years, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, Edson Boys Slaughter Hinton 8-8

Local Girls Win Third Straight

In high school basketball action last Friday evening, both the boys and girls teams from Edson played in Hinton where they were victorious in three games. The girls came out on top in a 14-0 score while the boys completely outplayed their opposition 8-0.

The girls game was shortened because of Edson's late arrival and the score (14-0) would have been higher for the local girls if regulation time would have been played. The first quarter shot the visitors into an 8-0 lead and they played superior to their teammates well to defeat Hinton 14-0.

Janice Perry continued to set her record scoring game as she netted 12 points for the visitors. Mary Pridemore scored the other two 8-0 points.

Playing without the services of their many stars, Denale Hill, who badly needed his ankle in the previous games, the Edson boys threw a tight match against the visitors against a weakened Hinton team in winning the last game by a convincing 8-0 score.

Hockey League Team This Weekend

Athletics To Meet Second Service

The Edson Athletics will play their last home game this evening against the Edson Aces.

The popular A's, who drew good crowds against the Yellow Cat, dates two weeks ago despite cold weather, will go against Edson's First Division in a two-game series which should provide some more interesting hockey for local fans.

The first game is not for Saturday evening at 8:30 with the final game being for the following afternoon at 2:30.

Do it now and stimulate local industry

Time was everyone in Canada "waited until break-up" to do things in the construction line. Modern building techniques have shown that it isn't necessary for this important section of our economy to hibernate completely. On the highway on the first edge of town for instance the new four-lane garage is going ahead under clear plastic covering. The new telephone building is another example of planning for winter work.

However there are dozens of jobs that the average business and household owner will prefer to see done now as well as without ever having to pay for the work.

Ask your local tradesman or electrician what he can do for you. He will be glad to take on any job that you can give him. He will be glad to take on any job that you can give him.

Although they are not his job, they add up to full employment in the seasonal building trades and when added up all across the area.

Edson district not in North West Alberta

Part of the reason why the logical choice of Yellowhead House through the moderate by graded mountain pass West of Jasper has been hard to sell is that the people in the latitude comparable with Edmonton have allowed our area to be referred to as Northern Alberta.

We have heard people from Calgary, for example, which is in Southern Alberta, time and time again start any conversation with "you people in the North..." Until we started a campaign recently we always let the remark go unchallenged. Now we start our reply "we're West CENTRAL Alberta, you know..." Invariably our listener admits the logic of our argument. Especially when we point out that the population center in North of Wetaskinew, and geographically center of Alberta is North of Edmonton.

Another Edson son makes his mark in History

Running into Bill Hedder in Edson the other night reminded us that, while we had run a story about his education as neighboring Edson's first mayor, we hadn't pointed out our congratulations in our editorial column.

We overheard former Mayor Wm. W. Edson Jr. saying that when Bill had graduated from Edson High School early in the last war, he felt his Mayor's remarks congratulating the class, had resonated that he hoped to see Bill follow in the steps of his maternal grandfather, Edson's first mayor, and someday become mayor of Edson too. Mr. Edson said that it was a wonderful coincidence

While we are hundreds of miles North of the 49th parallel, Alberta is a mighty big province and it is time we started to get the rest of the Province thinking in terms of our being centrally positioned.

While the lower winter snowfall, the more moderate grades, the easier construction of a Trans-Canada alternative through the Yellowhead are logical talking points, we still have the prejudice carried over from the construction of the C.N.R. to combat. Perhaps this part of the province did seem a long way north then, but with the fabulous Peace River country to the north of us we shouldn't admit to being north at all.

So how's about a slogan: "Edson—the best and biggest town in West Central Alberta."

CANAL REPORT

Government Admits Air Ambulance Not Adequate

By KEN MASON

WINSTON Churchill, a victory for Mr. Edson's Liberal Opposition.

If any man drove to full speed, it would be the Opposition, or why it will be better to its emergency aid to the patient.

In extreme cases, emergency aid would be provided. One of the provincial medical advisers would set up to administer the service to a former patient. In addition, helicopters will be chartered for calls to the one operated by the Saskatchewan government.

They didn't get strictly that, but what they did get was a greatly improved service and, in an advance from the government that the service available in the past has been something less than adequate.

An incident by Premier Manning at a press conference, the flying unit will be organized in the north, where there is more likelihood of accidents to arrive there.

The cost to the patient will be \$25 per hour, plus the flight, and the government will pay the remainder of the bill.

The improved service will be administered by the health department. Last year, say an ambulance flight, arrived through the government, were handled by the military department.

However, the service in the past has operated a somewhat haphazard fashion, say enough people know it was available, and that they sometimes had flights, arriving at ambulance flights because they weren't able to contact the hospital or the ambulance in Edmonton.

Under the new system, there will be a single telephone number in Edmonton for routing calls to the nearest ambulance service, which will refer them to one of several hospital departments which have authority to dispatch a flight.

The official contacted will then determine whether the situation is emergency in the particular case. If an accident will be dispatched from the University Hospital with one of the emergency medical units to be kept on hand there at all times.

However, the airport will have been built, and it will be possible for the service to be expanded to other parts of the province.

The government is now in the process of sending the information on the service, including the phone number to red to all other hospitals, RCMP detachments and members of the Red Cross.

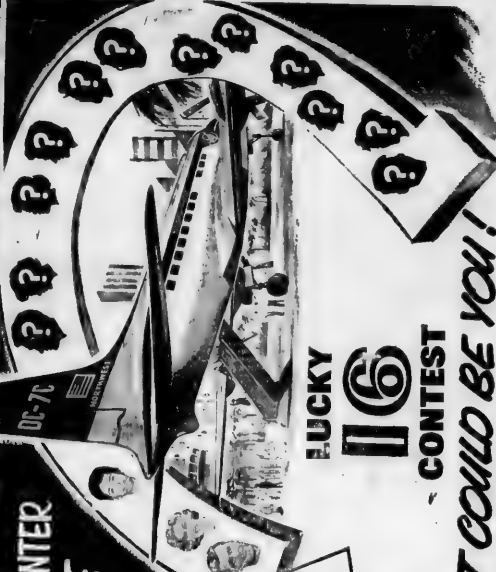

Health Minister Dr. J. D. Ross says it will be necessary to review calls to prevent abuse of the service.

Green Acres . . .

For better farming, every farm family would like a farmstead that is attractive and convenient. The farmstead is developed year by year with no long-range plan in a way that will keep steps and labor at a minimum. About the only way this goal can be achieved, in fact, is by having the farmstead on paper (squared paper is best) and fitting everything into this plan. Then, as buildings and other facilities are needed, and can be afforded,

Congratulations to Mr. and Mrs. Wm. Johnson on the birth of a daughter, December 18, also to Grandma Johnson.

Mrs. Paul Stevens of Edmon has been starting with her parents, Mr. and Mrs. Ed Corbitt.

Mr. Paul Stevens, Mr. and Mrs. George Magg and Duggie, all of Edmon, spent Christmas at the home of Mr. Magg's parents, Mr. and Mrs. Ed Corbitt.

Mr. and Mrs. Thomas Thomas spent Christmas on Vancouver Island with their daughter and family. They also visited Mrs. Thomas' mother and father, Mr. and Mrs. W. H. Welch and sister, Mrs. Cliff Paul and family.

Congratulations to Mr. and Mrs. E. Fowler on the arrival of a new grandson, also to Joe and Irene, the great parents, and to the grand children, Mr. and Mrs. Herman Carlson.

Happy to hear little Heather Jones has been such with mother and father and is now under the weather with a cold. Hope you are all well.

Surry to hear Mrs. P. Olson fall and hurt her arm.

Congratulations to Mr. and Mrs. E. Cook on their first grandchild, born a short time ago in the USA.

Mr. Charles Wagner arrived from the coast to spend Christmas with his family here at the home of his son, Mr. W. Wagner.

Mr. and Mrs. C. Grant and daughter, all of Jasper are spending a few days with Mrs. Grant's parents, Mr. and Mrs. Bert Lind.

Congratulations to Mr. and Mrs. Thompson on the birth of a daughter, January 18th.

Mr. Dave Vondra, who has been visiting his brother and family here has left to work on an oil crew.

Mr. Ray Platz of Edmon spent the day with his son and family. Mr. and Mrs. Platz of Edmon, B.C. spent a few days with her sister, Mrs. T. Thomas. Mrs. Platz still lives in 1929 as a small child and this was her first trip back to the old town.

For sufficient freedom from the house should be limited at least 100 feet from the road, while it is in the process of a road expansion, the should be increased to about 175 feet. This great a distance from the highway means extra cost of construction and additional to that on driveway maintenance.

A well-planned farmstead will pay with dividends in enjoyment and convenience in the years to come. If you wish to be better informed on this topic is available at this office.

Timing Car Operation

For prompt return from your daily hour, naturally time the program for each one. Studies of recent indicate the greatest returns are obtained from one hour intervals.

For best convenience, one should log entries if they are to make any sense. They make no sense in a cold, winter, snow-covered, or rainy day period. They make no sense in a cold, winter, snow-covered, or rainy day period. They make no sense in a cold, winter, snow-covered, or rainy day period.

Falling to keep accurate records of production, time, and other factors, and the results as a public, results in poor planning and less efficient production.

There are two events within the year which are of local congregational importance. The first of these is the celebration of "Youth Week" on Jan. 24, 25 and 26. The second is the congregational supper and meeting for February 1st.

One interesting development in youth work is the formation of two Wolf Cub packs, one meeting in the parish hall and the other in the United Church. This division was not occasioned by denominational rivalry but was caused by the increased enrollment, which necessitated a division.

Another purpose of Youth Week is to acquaint adults of the church with the church's full youth programs and secure their interest and support for it. Youth groups simply cannot function effectively as self-managed units, absolutely independent of adults. We do not prepare young people for adult life by maintaining a policy of separation between adults and young people. Active participation and mutual respect by the parents is necessary. The only way that church youngsters can discover the meaning of maturity is through living with adults who are neither children nor adults, but child-adults.

Child-adults in the ability to mature through the years, the children learn to grow to become adults. Child-adults are found at that point where the parents and children are of equal age and size. It is the function of the church to help parents and children to grow together.

Provincial Library head here for Edson opening

Mr. L. A. Walker, Chairman of the Alberta Library Board cut the ribbon and the Edson Library officially opened on Friday, January 20. Mr. Walker was assisted by Mayor Knabbe and Mrs. R. E. Phillips of the local library board. The official opening ceremonies were planned to coincide with a meeting of the Alberta Library Board held in Edson's new Civic Building on that date. The members of this board, set up under the Library Act to advise the Minister and to promote the extension of library service throughout Alberta, were present for the occasion and consist of Mr. L. A. Walker of Edmonton, Chairman, Mrs. W. C. Taylor of Watrous, Miss E. Allen of Calgary, Mr. John E. Dutton of Lethbridge and Mr. R. G. Gray of Edson, Mr. R. H. Hargrave, Supervisor of Public Libraries for the Province of Alberta and Secretary to the Board. Mr. Gray, Chairman of the local library board, introduced the Alberta board members to the assembled citizens. Mr. Walker in officially opening the new structure complimented the towns on its wisdom in providing

Electrification Course to be held here next week

Many district farmers here recently have completed with electric power and others will be getting it in the near future. For this reason a Rural Electrification school will be held at Edson in the Legion Hall, all next week from Feb. 2 to 4.

Under the Alberta Department of Agriculture, this course will cover every aspect of the use of electricity on the farm. Electric power, properly used, can be the cheapest labor on the farm. Improperly used, it can be a very expensive luxury. The training of electricity means a great change in living and working on the farm. But with out some training in its use, none of the benefit of the power is lost, and many needless expenses can be incurred. For this reason these Rural Electrification schools have been very popular all over the province during the past few years. They have enabled a great many farmers to get the greatest possible benefit from electrical power.

The school last week went from 8 a.m. to 4 p.m. Monday through Friday, although it may mean quite an effort for some. To help the most practical farmers can arrange to have their classes on that they can get in during each day to 8 a.m. Tuesday and 4 p.m. evening, ample time for evening classes.

The speaker will be given by very well qualified instructors. The presenters, formerly head of the Department of Agriculture and Engineering of the University of Manitoba, will be assisted by government electrical engineers and a power company representative. They will be able to answer all questions regarding rural electrification.

Do something about those dark clothes

One of our local trades, shop and home as we were coming into the office after dark tonight and asked if we were in on the dark night. "We always are," he says. "For instance, take put in something about kids in dark clothes playing on the road after dark. I thought I couldn't see through a dose of them. In fear of the coming risk, I was humbled. I saw them at the last minute."

Read no advertisements! If your kids wear one of these black purchases this is up with some yellow or white or something!

38 rinks enter men's open 'spial

In a large number of cities are what it takes to make a bonspiel, show the money being coming up on February 20, 21 and 22, should be a decided success. There are already 38 rinks entered in the capital and more that the committee in charge have taken the risk limit set. It is expected that an all-time high of 40 rinks may enter.

MISS AUDREY MACMILLAN was Class president of the 15 curves in graduate from the University of Alberta in a special ceremony held this Tuesday in the Jubilee Auditorium. Audrey is the daughter of Mr. and Mrs. Harry Macmillan of Edson and is a hometown girl having been here here and there at all her education in Edson elementary and high schools. Audrey graduated from high school in 1936 and was always very active in church school and Y. W. C. A. work. She has been the only girl to have been a president of the University of Alberta. She was also an enthusiastic figure skater, taking part in the carnival from the time she was old enough until they were discontinued. She also was a successful swimmer. Following is other members of the Class who will compete at the Charles Conant Hotel for a few minutes.

National Health Week

One of the most important things in life is good health, and perhaps too few of us in this modern day and age realize what benefits we enjoy in this direction. In the brief span of the lives of many living today, the health picture has changed immensely in the field of health—both from the point of preventive medicine and treatment—progress has been as spectacular as that in many other fields of science.

As one looks back, even such a short span as fifty or a hundred years, one is inclined to wonder how, in the absence of the medical blessings of today, and with the comparatively scanty knowledge, especially on the part of the public in general it was possible to reach a ripe old age. And indeed it was much more difficult. It is not too long ago that such scourges of childhood as diphtheria and whooping cough used to take terrible toll of our youngsters and even in this area since the commencement of World War I many families suffered severe illness and sad bereavement from these plagues.

Today they are well under control and with constant effort they promise to remain so. One of the other most dreaded diseases was polio and its ravages left many homes bereaved and many persons crippled for life. This disease seems well on its way to control now, and certainly has a good deal of it's dread power under the influence of the Salk Vaccine.

Furunculosis, that rapid fire killer which was for so many years the co-worker of other less serious ailments, has for some time now been considered a secondary* hazard to life.

But, even our blessings may bring their dangers. The diseases which we have apparently controlled are waiting still, ready to trip the one who is unwary or unwise.

Letters to the Editor

Dear Sir,
During the Home and School meeting held January 28, a number of three parents and two high school students wrestled with the question "Should high school graduation exercises be held in June or in September?"

Having heard the discussion it seems obvious the students do not wish to be deprived of their June celebration. The students certainly defended their cause very well, they are to be commended, and the majority of parents enjoy seeing their children take part in something as important as the graduation exercises, and all which have become a tradition in Eden.

Could there be a compromise which would give the students their June and the parents their September celebration? The present practice of receding the middle school, lower, eighth, ninth, etc., be some way of separating the students qualified to handle further education from those who are not.

Time to Take Stock

Through the immunization program now available to all young folks it is possible to have them protected against many of the diseases which used to have such disastrous results.

On the immunization record card of the Eden Health Unit for instance, we are mentioned: whooping cough, diphtheria, tetanus, small pox, typhoid, and polio as well as testing for tuberculosis. It must be remembered however that it is finally up to the parents of all children to see that they are given the protection that the preventive measures can afford. Be sure that your child is present when the inoculations and vaccinations are given.

Then there is the danger of self medication. This has always been a hazard, but is even more so now, with the increasing number of patent preparations on the shelves for you to purchase. Most of the preparations are good, but all have their limitations. Part of your family physician's job is to see that you use the right type of medication and he will be glad to give you his advice if you seek it.

Finally there is the simple danger of depending on medication instead of adhering to the basic rules of health—good food, sufficient rest and cleanliness. Even physicians themselves have been on occasion tripped up by the fantastic promises of "wonder" drugs, and there is little to be surprised in that the public should be caught the same way. Wonder drugs have accomplished astounding success, but can never do away with basic good health practice.

National Health Week then is a week when we should survey the whole picture and make a concerted effort to not only take advantage of the miracles that modern science has provided, but also to remain faithful to the underlying requirements of good health.

Forecast '59 upswing in Alberta economy

By KEN MASON

It was estimated at \$1,200,000,000, a three per cent increase over the previous year. Percentage increases were higher during the last months of the year, indicating an increasing optimism.

The bureau issues these forecasts for planning a budget and for preparing a statement of the province's financial position.

According to the bureau, the province's economy was well up by the end of 1958, and there was some reason to expect the recovery was being maintained.

Some sections of the economy were remarkably buoyant in a year which has gone into the record books as a recession year.

For example, construction activity reached an all-time high. Building permits issued for the 12 cities in Alberta were worth about \$280,000,000.

Production continued to be a dark spot in the otherwise bright economic picture. Output did not drop sharply in 1958, but it was only slightly above the level of 1957.

The bureau notes that 1958 was the best year since 1953 for the province's economy. It was the best year since 1953 for the province's economy.

We've noted the past couple of years in the province's history. It's a good thing to see the province's economy in a better position than it was in 1957.

Production of oil and natural gas has been a bright spot in the province's economy. It has been a bright spot in the province's economy.

Individual performances pay off as Athletics - CNR Rovers split series

Some splendid individual performances from team members of the visiting CNR Rovers and the Edson Athletics played a decisive role in the two game weekend series held in the Edson arena on Saturday evening and Sunday afternoon.

During yesterday's first game, Edson's top player, goalie Gary DeLoraine, put up a terrific performance, saving three shots on goal. His teammates, including goalie DeLoraine, played a decisive role in the two game weekend series held in the Edson arena on Saturday evening and Sunday afternoon.

After being held to a 1-1 tie in the first game, the Edson Athletics came out in the second game and won 2-1. The game was a close one, with both teams scoring in the first half.

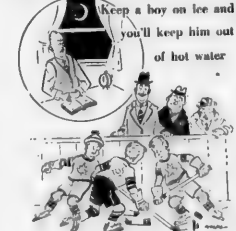

Two goals by goalie DeLoraine and goalie DeLoraine, played a decisive role in the two game weekend series held in the Edson arena on Saturday evening and Sunday afternoon.

Athletics meet Drayton Valley on Sunday

Edson Athletics will play host to the Drayton Valley hockey team this weekend, when they meet for a Sunday afternoon game.

It is hoped there will be a big turnout on hand to watch a pre-playoff game between these two teams which have been matched in the intermediate B playoffs at a later date.

Game time is 2 p.m. and a live collection will be taken.

as partial interest in it. The United States policy, in the view of the Reader's Digest, is to read according to the principle of "it is that which is to be spread."

It appears that the Chinese people were deeply disappointed according to the United States, in regard to its "imperialist aggression." This view of the U.S. is of course, the view of the Chinese people. The author asks "What can be done about it?" The answer is to open a free channel of communication between the two peoples. If America were allowed to go free to China and if the Chinese were allowed to travel just as freely in the United States the impact of this he would be diminished.

If I think, necessarily that Mr. Harkin makes no comment upon the fact that the United States refuses to recognize the People's Republic of China. The United States is able to demonstrate to the world that it is not a "democratic" country. The United States is able to demonstrate to the world that it is not a "democratic" country.

4-H Club News

Club members — PAT COONIN
The 4-H Club of Edson held its monthly meeting on Jan. 25, at 12 p.m. in the Peverly school with 14 members present. The president called the meeting to order followed by reading the 4-H pledge.

The business meeting was adjourned by Betty Ann Adams. A talk was given by Carolyn McGuire on good grooming after which Rose Thibodeau and Miss Thibodeau gave a demonstration on how to apply blue banding by machine.

We were also shown how to make our own apron. Our leader, Mrs. Raskin, helped the girls with their present sewing project.

A new service for District loggers

These four repair and replacement truck units will be working to supply ALL Chain Saw users in the district

MR. NEIL HEADON, Edson Branch Manager, here makes a point to a customer. One of the features of the new Remington Chain Saw makes and service shop in Edson is its cutter bar repair shop — the only one west of Edmonton. With this special cutter bar service power saw owners can have their cutter bars reground, hard tipped and jointed to give months more service at a fraction of the cost of a new one. This applies to any make of cutter bar and should prove a boon to district power saw owners.

Library opening

Carl from front page adequate quarters for this important feature in community life.

He stated that the Board was very impressed by the stock of good books, by the valuable service being given on a voluntary basis by the members of the local Board and by the most attractive atmosphere of the premises.

Mr. Walker then presented a framed certificate signed on behalf of The Honourable A. MacArthur, Minister of Education, covering the good work of the Corporation.

After a period of "open house" during which the local Board members sought the advice of library functionaries the occasion closed.

In the evening the local Board was held at a small banquet at which the Alberta Board members, and certain officials of the Town and educational bodies were guests.

Mayor Koshewitz, Mr. Walker and other Board members spoke briefly before turning to the women of our local Board.

Visions of 20 years ago provides another asset

The official opening of Edson's library quarters in the Civic building last week provides all citizens of the vision and unadmitted perseverance of a handful of private ladies who, more than twenty years ago, started the move to provide Edson and district with library facilities of which all may now be proud.

It takes the setting of Edson's modern town hall, perhaps, to show the accumulated store of books left to look advantage. That the years of faithful, steady work that has been put into the library shows through too. We don't think there are too many towns our size who can boast a better or wider selection of books for the reading public.

Back in the mid-thirties when the idea of a public library was first broached it met with considerable apathy. The consent of a citizen, who should have known better, comes to mind. "What do we need a library for?" anyone who wants to read a book will always buy it himself.

Years later, when the library was going

provides another asset

concern, he made a substantial donation to the shelves from his own library.

Applaud and mild opposition to things that a community is better for having, is almost always encountered. Those who persevere through the years discover a pat on the back for their idealism which was lacking at such practical enthusiasm.

We remember the years when tens and the like were put on to raise enough money for books so that the growing library could buy enough books to qualify for the provincial grant. Edson is a better place as a result of this community sacrifice for the good of all.

R. C. Greig, who has been acting in the capacity of chairman for several years, recalled the years of struggle by the early group of ladies, when he spoke at the official opening. He recalled the hours and hours of time spent in inadequate quarters by the ladies through the years. We echo this remark with a "well done" from the rest of the community.

We Laughed At These . . .

The very playful nature had a new twist to take charge of her large hair, and he turned out to be an excellent manager, except for one detail: he was rather capricious about his personal appearance. At last, the

employee decided that she would have to speak to him about it. So she called him into the library one day and asked him to sit down. The better was surprised by her request, but he complied. "I should say every other day," he said, "I would be glad to do that."

A British school child was asked by his teacher, "What is your father?"

"He is my mother," the child replied. "The great secret of life is to be a mother."

The teacher asked because the child was so confident and said, "What is your father?"

"He is my mother," the child replied. "The great secret of life is to be a mother."

Your Business Is Judged By The Stationery You Use

Customers and prospective customers judge your business methods by the business forms and stationery that you use. A letter or order on a plain sheet of paper is hardly stamped with the punch. Letters to the Editor

Dear Sirs:
In answer to the letter in your last issue, I would like to mention I am the son of the late Edson moving back Jan. 28. It was not my intention there. I want to be honest in stating the school graduation ceremony and after leaving the district. I feel a little differently.

I believe we should have a local festival of the end of May in recognition of the rebuilding of the town. I feel that this is the best time to do it. I am sure the school has a good time. I am sure the school has a good time. I am sure the school has a good time.

Legislature to vote on huge pre-election budget

Edmonton. Everything is in a state of excitement in the Legislature for Thursday's opening of the 1959 session of the 18th Alberta Legislature. It will be a busy session, and from all indications, it will be a lively session.

The government's budgetary program, which is a key feature of the session, is expected to be a landmark. It will be a budget that will be a landmark. It will be a budget that will be a landmark.

There are some of the highlights of the Legislature's program. The government is expected to introduce a number of bills. These bills are expected to be a landmark.

An all-time record pre-election budget of around \$200,000,000, exceeding the previous record of \$180,000,000, will be introduced.

A bill designed to bring more than 100,000 acres of land into the province's agricultural program, will be introduced.

Electric Range Performance Plus Skill Add Up to Delightful Meals

In the kitchen days of the Old West, when men were men and cooks were cooks, the Indian could always tell a landlady from a real cook because of the way he cooked.

What's a kitchen really for?

A kitchen really for a place to cook, to eat, to stay, to live, to be in the house.

DISTRICT FARMERS have been attending a course on farm electricity and practical know-how on simple wiring jobs on the farm in the Logan Hall last week.

The well attended classes organized by District Agriculture R. A. -Bedding for the Department of Agriculture have met with considerable enthusiasm from those attending. Ernie Fahrian (left) looks over Prof. G. L. Shanks show a wire while course instructor Clayton Clavier looks on the material panel from the back. Louis Bour and Joe Stitzinger (right) take in the lecture.

Ladies 'spiel in full swing this weekend

This weekend the town will be overrun with women in curling regalia as Edison ladies hold their annual bonspiel. A total of 25 ladies have been entered in thespiel and will play off in four games over a period of two and a half days.

Play will start for the 18 local and seven outside risks at noon Friday and continue on till Sunday night with likely a few games left over among local teams.

A dazzling array of bonspiel prizes has been arranged in the window of the H. H. M. store

which are drawing many visitors from passersby and are a credit to the many local merchants who donate to the prize list so generously.

Following on the heels of the ladies'spiel will be an even bigger one the following weekend when 68 men's trials are entered in the biggest rink in Edmonton's curling history. Part of these games will be played off in the Edison skating rink in an effort to do away with round the clock curling.

The figure compares favorably with the same period in 1958. At that time there were 493 unemployed men registered at the local office, or 113 more than at present. There were 169 women registered, 18 more than on Feb. 5 of this year.

A breakdown of the top three categories of unemployed men shows 52 instructors, 33 truckers and

Council report shows Town in fine shape

Town: 1 School Division affairs are well in hand, it was obvious to the Eldon ratepayers who attended the annual meeting of burgesses in the Layton Memorial Centre on Monday evening, February 11.

The year that saw the completion of Edson's modern civic building, which is completely paid for, incidentally, also saw a heavy works program carried out on streets and walks as well as other town improvements.

The problems to be faced by both the Town and the School Division are those connected with an expanding population centre: More sewerage capacity, greater water supply, more serviced lot more school accommodation, larger teaching staff, etc.

Nice problems in a way as they indicate Edison is growing. And what's more, all capable of solution without too great an increase in municipal taxation in the opinion of the Council and School Board.

Mayer W. M. Kaniswitt gave a brief address of welcome expressing satisfaction at the turnout in view of other activities going on at the same time, and pointing to the excellent calibre of men the Town had placed on the Council to serve with progress. He also spoke of the steady progress the Town was making.

In the absence of Councilor W. MacDonald, Sir Travis R. C. Gregg reported for the Parks, Bunk and Cemetery committee, indicating a regular program of grass cutting carried out in 1958. The Memorial Park was loaned to the P.A.A.A. during the summer season. The Kiwaness swimming pool is proposed to be built on the site of the old swimming pool and should

To All My Fuller Customers

Good morning, Mrs. (yourself), and how are you today?

I'll call to leave you something (two, three, I'll be on my way)

I have some useful gifts for every member of your household—

A pretty handker, a bottle cap, a lovely patterned comb

Yes, wasn't you just off down a while, and more or less later.

I'd like to say a word or two about our liquid wax

It is the best and there's no just, an other wax here

Now, I can let you have a can (Don't worry you aren't so hard)

Hand lotion. Yes, I have some here—it's really very nice,

And you'll be glad to hear, my name, that of your kind—

I must conclude, a person comes, must, another, you look.

Your "Fuller Man" will smile at you and you'll be glad you washed
Your pants. Falls, I'd like to say, is much appreciated
So if you need a mop or broom, hang on a week or two

THE FIRST BORN ST. CATHERINE'S WOLF CUB PACK are now the proud owners of a family system, a wolf head—the crest of the worldwide Cub family. The Wolf Cub Pack is in debt to Mr. Rocky Haines who arranged to obtain the wolf for them, and especially to Mr. Charles Marshall who donated many hours of his spare time to stuff the head. The wolf head is streaked with black and white and makes a very striking totem.

Edson brother and sister sign recording contract

On February 28, Edward Romanuk and his sister Mrs. Elsie Pye signed a recording contract with Armo Records Incorporated of New York City, in which they agreed to make a 100-gram 45 rpm phonograph recording for the company for the next four years. This came about when Ed Romanuk, a 20-year-old piano player, came to a party at 100 West August dove by his sister and himself. A contract for recording was prepared by return mail and completed next week after he signed it. They quickly hurried to the guides to accompany the songs that they got not to know well and enjoy so much. Soon after they were called upon to enter the contest. They were given 30 months and have continued with their musical activities since they came to live in Edison.

Ed Romanuk is married and from Clifford Burdick, manager of Armo Records, that they shall proceed with processing of a 45 RPM record. The next future to see what it will do.

March in like lion

The March Lion gave Edison and district people a foretaste of his wrath as gale strength winds accompanied rain and hail. The hard last Saturday evening storm blew up to a matter of minutes it seemed although threatening clouds had been gathering in the north and west for a week or more.

In a matter of minutes the precipitation had changed from rain to wet snow that ranged from flakes to snowballs and seemed to be carried almost horizontally by the wind.

Edison residents on their way to Milton and Jasper reported running into the storm near the Milton bridge. The Lion's wrath was roaring just as loudly.

Motorists reported they had to slow to five miles per hour during the storm as it was impossible to see more than a few feet ahead of the vehicles.

Ho reports of damage by the storm were received locally.

Coppermen, Gallien, Neapier and other astronomers have contributed richly to our understanding of the universe. I live it, and without the help of others either the astronomical will also give some further enlargement of the boundary knowledge. But unless we be all submitted to the worship of the great god known as "Technology" we shall not have the knowledge which we need. And man there will only ask "How much has it cost to come to us and so fast" and never think to claim "Great is the Lord, and He is to be praised."

200 attend school opening at Peers

Over 200 persons, friends, parents and students gathered at Peers school on Friday, February 27, to witness the official opening of the new classroom and auditorium by Hon. N. Williams, M.L.A.

Following the singing of "O Canada" by C. Nelson, master of ceremonies, welcomed the guests and speakers for the occasion and introduced each speaker in turn. Mr. A. W. Leonard, Chairman of Edson School Board brought greetings from the Divisional Board, its interest in the improvement and increased attendance of schools in the Division and commended Peers on their part in the project.

Mr. W. H. Rankin, Mayor of

Edson, representing the town spoke of the pleasure it gave him in being present and congratulating the school and its staff. He hoped that it would continue to be a source of pride and growth throughout the years as it has in the past.

Mr. Hollingsworth, our local trustee on the School Board, said he could only wish the statement of other trustees and that he was proud of the fact that was given him to be part of such a worthwhile organization.

Hon. N. Williams recalled his attendance at the opening of the new school a little over two years before and the pleasure it gave him to see the improvement then and now in such a short space of time in so much more fulfilled, with a new classroom as well as a new auditorium and he had in the students and people of the district.

He congratulated the students for the part they had in the school and the parents in their strong support of the Home and School. Speaking to the students he reminded them that he hoped that they would continue to be proud of their school and make their teachers, parents and school proud of them.

Mr. Williams stated that every school has rules and regulations and he hoped that the students would be proud to follow them. He also mentioned the importance of the school in the community and the role of the students in making it a better place.

Following the reading of the roll call on the doors, Mr. Williams officially declared the new classroom and auditorium open for use.

Mr. G. Manning on behalf of the Home and School expressed thanks to all the great speakers and their wives, the ladies, the teachers, the ladies of the lunch committee and the students.

The school then provided a half hour session song by Grade 1 and 2, "Working on the Railroad", song and ballad number, "Jingle Bells", song by Grade 3 and 4, "Four Seasons by Grade 5 and 6, song by Grade 7 and 8, piano solo by Miss (Phyllis) song and tap dance by Arlene Nelson and Ted Young.

A social hour was spent over the coffee and lunch which was served by Mrs. C. Nelson.

Electrical Fair to feature demonstration of magic oven

One of the most interesting items on the agenda of the typical sponsored Electrical Fair will be the demonstration of the magic oven by Mrs. Val Sherman. The demonstration will take place during the evening show.

As they move from the dinner table to the kitchen, the magic oven is a look into the future for the lucky housewife in the general area.

In the "Electric Oven" a range or an oven. Actually, this electric oven is more than an oven. While it bakes and roasts, it will perform many of the cooking jobs done on top of the range from broiling, grilling, and roasting.

What are microwave? Many high frequency radio waves which when applied to food produce heat within the food. Microwave energy can be transmitted, reflected and absorbed. When it is absorbed and used when it is absorbed, it is converted into heat. Food is cooked by the energy and consequently, it is done.

Is it safe? Yes. The oven does not come in contact with the microwave because the cooking action stops as soon as the range door is opened. Wonderful news, danger from burns is eliminated.

Is it safe? About the same or even less than the conventional electric range.

Is installation a problem? No, the range is compact, requiring only 20 inches of wall space. It

uses a 2 wire 220 volt circuit, same type outlet, and same type cable as the conventional electric range. It can be built into the wall or on kitchen cabinet.

They microwave cooking is a process of food. It freshens vegetables and also does old favorites. Typically, stovetop cooking can be set for a few seconds. In the electric range, some cooking may be greater than with conventional cooking methods.

Is there any change in flavor? No, the characteristic flavor of each food is maintained. There is no change due to microwave cooking.

How fast does it cook? Cooking in an electric range with microwave energy is amazingly fast. An egg cooks in 30 seconds, a hot dog, 30 seconds, a 3 pound roast is done in 30 minutes, compared to over 2 hours required to cook the same.

There are only a few of the advantages of which the range operates. However, saving in cooking time is the most important.

How does this type of cooking affect the appearance of food? Microwave does not brown except with foods that take a longer cooking period over 12 to 18 minutes, such as large roasts or poultry.

Special electric units are provided to brown foods that cook in short periods of time.

What cooking outside can be done? Glass, china, paper and some plastic products transmit the energy to food and thus are recommended. Some items are not recommended. They keep cool. Metal items

MR. RON SOOME

Mr. Ron Soome, District Manager for Calgary Power Ltd., in Edson, was born in Montreal, Quebec, and came to Canada in 1921 with his family.

From Montreal to Manitoba, then to the C.P.R. branch, he was a road man and it was not surprising that he should seek to work at a job he knew well.

Mr. Soome, who was a road man, was a road man in 1921. It was in 1921 that he came to Edson.

Mr. Soome has been working at Edson for 37 years. His first job was as a power clerk before becoming an electrician in the local area.

He eventually became chief electrician at the mine and held that position until 1930.

When he moved to Edson, where, for two years, he was in charge of the electric

plant and had to reflect the action and therefore, the action of the electric plant. The walls of the range reflect the microwave and the electric heating units are used to retain heat and can be changed easily by using a damp cloth. No more sweating and dripping.

Does one load after cooking time? Yes, generally, the size of the load determines the cooking time. For instance, a single potato is baked in a minute, while four potatoes need 4 minutes. However, the manufacturer provides adequate instructions.

What does this mean to you? Microwave cooking means greater and better food in a real atmosphere in real moments. It is a real range with a real temper. Think of it being used to perfection as a power house. No more frying pan to clean. No more range light, roaster and flaky right before your eyes, in a matter of seconds. Put a whole and watching reduced to a welcome minimum. Isn't it a dream come true?

Mr. Soome's preferred wireless telephone is from the north of the country. (Canada gave an \$80,000 grant to help with his permanent home.)

Since 1921, 25 electrical appliances have been added to the Canadian market, bringing the total to 100, compared to 19 in 1921.

with Mahon Electric. He then joined the Town of Edson staff, working for the town's power distribution system. He became the superintendent of Edson, Light and Power system in 1933.

Mr. Soome is married with a son and daughter. Both he and his son are active in local sports and other organizations. He is most active in the Edson Club, being a chairman of the membership committee, and actively assisting in the Radio Department at the Edson Club.

He is fond of Edson and the surrounding country that he has come to know as well, and he would be unable to leave this area which he adopted as his home when he came to Edson as a boy back in 1921.

THREE FIVE ROAD YOUNG PEOPLE will be very busy about this time of the Easter holiday week, for they are among the most thorough of the young people who are taking the 1000-mile tour in the Red Cross Water Service. The tour lasts Monday through Saturday of this week and the participants are kept busy at it from early until late. From left to right the

Edson high school students are: Kent Baker, Bruce Perkins, who had registered for the class but was unable to attend, Danny Johnson, Karen Pollock and Don Grison. These young people as well as one sister, Mrs. Frances Johnson and Louis Van Kester were all unaccompanied by Edson organizations and individuals who pay the registration fee for the tour.

BEEN ON THE

Main Drag

—Mrs. Ann Dunphy saying that contrary to what many people thought it was not her that revealed to Mrs. Edson that her daughter was Mrs. Edson Dunphy.

Ball and Rudy Raymond down from Grande Prairie for the week end.

—Mrs. Audrey MacMillan home from her morning job in the city for an Easter visit with the home folks.

—Joanna Wyckowski home for the weekend and doing some shopping with her mother and little sister, Diane.

—Chief Constable John MacDonaid, back on duty after the Easter holiday out of town, saying a good few weeks more time after a holiday than before they ever have one.

—Jim Ross saying proudly that he had won one of the 1000-mile tour, 8 pounds two inches.

—Chief Superintendent John Kelly, getting in some voluntary overtime work at the Edson City hall office, "catching up on much as possible" before leaving to take a one month post graduate course at the U. of A.

—Mrs. Albert and Sandy Hirt in a friendly argument as to who is Edson's champion checker player.

—Pedestrians crossing their socks to see what the road crew on the Main Street was. Someone had backed into the "No Parking" sign on the corner of the 2nd Avenue intersection.

—Mr. Mike Tolpelt, telling us that the Tolpelt house was pretty quiet this week after having the whole family—son, daughter, son-in-law and grandchildren—home for the weekend.

—Miss Gloria Della who gave up her job, but who only gave leave for the holiday week, taking in old friends on the Main Street. Also, Frances, Grison and Mrs. Leo Brantick and from Edson for the weekend in on how brother, Art and the were doing at housekeeping.

FUA Workshop huge success

The FUA meeting held in Carleton Place, Ont. last Saturday, March 28th attracted a record attendance of 100 people. The meeting was held in the Carleton Place Hotel and was a great success.

First on the agenda was the show and of slides illustrating the progress of the FUA since its formation. Mr. J. H. Gorman, president of the FUA, gave a very brief and interesting talk on what FUA stands for in the organization as a whole, urging all to support their local.

A very enlightening film was shown on Vertical Integration as it affects the family farm.

Tom O'Connell presented a talk on "The Future of the Farm" and other topics.

One of the O'Connors, Mr. O'Connell, gave an interesting account of the March in Ottawa by former farm men.

Question period produced some interesting subjects and food for thought on various farm topics.

Mr. Gorman called for votes for the "Edson Convention" to be held in Carleton Place after the weekend. Afternoon session was devoted for lunch which was served by Carleton Place Local. Final adjournment followed.

MR. ARTHUR HODGINS of Edson, who has been a familiar sight on Edson streets this week as he looked up the old timers who were Edson pioneers at the same time he was. Mr. Hodgins, who has passed the 80 year mark, registered for the railroad here in 1900 and 1910 and last year in 1958 he took the Canadian. He has been in Edson for a few of the last few years and enjoys writing together with them to recall old times.

Issues strong warning on 'Discount Clubs'

The BCIO has been instructed to apprehend and charge persons caught operating a discount club racket in Saskatchewan. This is A. Walker, provincial Attorney General, said recently.

He declared that "these reports" had revealed him that "there are some promoters of

discount clubs operating in certain areas of Saskatchewan." He mentioned that "many" of these clubs have been operating since 1935, such operations have been illegal by virtue of the Criminal Code, Act, unless, however, they are operated under that act. The Attorney General, however, every victim of these racketeers, means a duty to the public to report promptly to the BCIO any sale or attempted sale of such a scheme. This is the only way the public can be protected from future.

Mr. Walker further pointed out that it is the intention of the Attorney General's Department to have a separate charge laid with respect to each person concerned, "so that a really substantial fine or term of imprisonment may be meted out to these individuals."

DORIS AUBROAN, A LONG DISTANCE runner who has been employed in North Western Pulp & Paper cutting camps this winter came close to proving that she could beat a horse in a 12 mile race from Camp to north of Edson on the bridge just north of town Saturday morning while dozens of cars lined the road to watch the finish. Coming in at 12:25, only 12

minutes after the horse ridden by Ken Thompson crossed the finish line at 12:37. Dennis, who had been engaged on himself to be returned, still hasn't proved whether a man can beat a horse in a similar race in a dry track. He was picking up a lot of mud from the city base road, while the horse did not have the same disadvantage. He can therefore be sure of the way due to mud sticking to his feet

Slashing bush for Windfall-Bickerdike pipeline

DACO Construction Co. started about 30 men slashing and clearing brush this week for the six inch pipeline being built from Windfall to the pumping station five miles west of Edson.

The new mostly level, now working from 50 miles north of Edson, and about the same number started work from the Whitecourt end of the line. In a couple of weeks both crews will be working out of Edson.

In an interview Mr. R. J. Shinde, president of the Vernon, B.C. firm who have the slashing sub-contract from Patison, Bickerdike Co., stated that his company hope to employ all local labor except for a few key men.

He said that his company was very pleased to get experienced men from the camps which have been operating at Jasper Park all winter.

No estimate has been made of how long it will take to complete the clearing and slashing for the 47 mile line. But as soon as it is done construction of the six inch pipeline will commence.

Accommodations Jasper Glee Club needed for men appears Saturday

Somehow in the neighborhood of 100 men will be coming into Edson looking for room accommodations. How during the week of the convention get under way and the accommodations of these men will be needed.

Mr. C. W. Weller of March, B.C. has offered to list the accommodations on a basis as he has in the past. Apparently you can phone The Leader office and we will list it here as well.

Former Edson wife and mother passes in B.C.

Children of Edson were saddened by the news of the passing of Mrs. Robert Weller, age 82, at the Kamloops Hospital during the past week. She and Mrs. Weller moved to Chase B.C. from Edson less than a year ago.

Mrs. Weller the former Clara Paul, known to many here from her husband, Robert, a son of the B.C.A.P. at Edson. She had a son Don at Jasper two years ago.

The funeral will take place on Friday, April 29 at Kamloops B.C.

The committee hopes they can depend on you to help this fund against the foe have so often done in the past.

Edson girl judged best in speaking at Jasper

Speaking before a large and enthusiastic crowd in the Jasper Public School Auditorium, Marlow Wells, Edson High School student, placed first in the Annual Oddfellows and Rebekahs United Nations (Pigpen) for Youth public speaking contest. As a result of her win Marlow will join seven other Alberta winners, in attending a in an all expense paid trip to the United Nations in New York.

Speaking on the topic UNICEF, United Nations International Children's Emergency Fund, Marlow was the unanimous choice of the panel of judges. Led by Elsie Park on the panel were Patrice Evans and Lord Marshall both of High School students, Spencer Perkins, who chose as her topic W.I.O., World Health Organization.

Other students taking part in the trials in Jasper were July Pearce, David Bryn, Laura Hall of Jasper, Elizabeth Conger, and all of the contestants were praised for the excellence of their speeches and the in formation by Elsie Park, who was thoroughly enjoyed and appreciated by the contestants and the audience. Such candidates felt that he or she had gained in stature because of participation in the contest.

For Marlow the trip will mean an opportunity to observe the United Nations in action. It means she will be surrounded in the main hall of New York along with approximately 100 other young people who will be with the delegates. They are scheduled to see famous local attractions, enjoy a three hour lunch trip around Manhattan Island, in new places of his town, interest and attend Radio City where they will see the city from the top of the Empire State Building, and a big Jasper ball game. The trip will also include a visit to the United Nations headquarters in New York City and many other interesting places.

The students are all included in the Oddfellows and Rebekahs for the Yellowhead.

Yellowhead now open

Maintenance crew on the Yellowhead road has been working hard since the opening of the road to the south of Edson in B.C. now report that the road is officially open.

This makes the northeast official opening of the increasingly popular route to work.

Fly by nights not best bet

One of the means that came up before the magistrate in Hinton this week was that of Mrs. Edmonson, mistress who, without holding to approach the town office for the town required in such cases, had convinced the town and been successful in getting at least twenty deep freeze units and a food plant whereby local persons would be buying food to fill the tanks from the town.

This doesn't seem viable to me at all. Those men who have no connection whatsoever with Hinton, and who are not, are taking money out of that town, without putting out any real back into it. They have taken away from local appearance and food stores, trade that will in all probability cost their customers more in the long run than if the product had been purchased here.

That is the heart of it. The important thing about a town such as this is that local merchants are not only here to give the public the best possible deal at all times. Much of the money that is spent in local places of business, is in various ways, put back into the town as a whole. A strong argument against buying from outside-of-town firms and stores is the fact that local businesses when refused to do business with the town, are forced to look for other outlets for their products. In the case of the town, this means that the town is forced to look for other outlets for their products. In the case of the town, this means that the town is forced to look for other outlets for their products.

Keep Forests Green

Dry-as-limb conditions pose a grave threat to our forests. Weather fine enough to freeze almost anyone has been our lot this spring, but it has brought with it this major danger. If rainless days continue, and if the mercury continues to hover in the fifties and sixties, acres will be making spring pilgrimages to favorite picnic grounds.

Conifers will undoubtedly be plentiful on those outings and such of these could provide the spark that might well rage uncontrolled through valuable timberland. The possibility is not merely of doing hundreds of dollars of damage. Losses could run into the millions of dollars and we would lose revenue that cannot easily be replaced. Spruce, larch, poplar, larch, but are also lost to industry.

It's a simple thing to start a forest fire. Not only campfires but even a cigarette tossed away without being fully extinguished can start a forest fire. A single spark could land on a pile of dry brush, or a pile of dry brush could start the red tongue of flames licking through our forests.

It's also a simple thing to prevent this happening. Unattended campfires are a danger, and it is a matter of only a few minutes to make sure they are out. If you're far from water, earth and sand, wrap up in the fire, but do not let it burn. If you're near water, wrap up in the fire, but do not let it burn. If you're near water, wrap up in the fire, but do not let it burn.

Being careful is so easy a thing to do. Unfortunately, it's so easy to be careless, and that's why we have many of our forest fires. If we can remember that our forests provide entertainment, and have the potential of providing many greater means of jobs, this watching our communities, perhaps it will help. Think of every tree as a handful of dollar bills that belong to you — it's hardly likely you'd burn them up.

How to Influence Children

Mothers and fathers of Alberta often wonder whether certain activities of their young sons and daughters are really wise things for young people.

The anxiety of parents about the conduct of their children is understandable. Naturally, they are sincerely concerned. They want their boys and girls to grow into healthy, happy, and successful men and women.

There is a way in which parents can influence the conduct of their children. It is not by denouncing their customs or punishing their wrongs. After all, parents have no right to require some form of amendment and social life. It is in natural activities it might be a good idea for parents to provide children with a good example.

Before older people complain of what younger people are doing, it behooves them to look at their own lives and see what they are doing for the boys and girls.

life is fun

Years ago, life was not so much fun as it is now. People were not so happy, and they were not so free. They were not so free to do what they wanted to do, and they were not so free to live their lives as they pleased.

But now, life is fun. People are happy, and they are free. They are free to do what they want to do, and they are free to live their lives as they pleased. They are free to love, and they are free to be loved.

Life is fun, and it is a gift. We should cherish it, and we should live it to the fullest. We should not waste it, and we should not let it pass us by. We should live it, and we should love it.

Vol. 7 Edison, Alberta, Thursday, April 30, 1959

AMBITIOUS PLANS formulated by the Optimists Radio committee included such things, gradually, as spotter bleachers, half mile race track, saddle stunts, rail and steer chutes, midway concessions and a parking area that will allow such pastimes as car bings, etc.

Steve Radomski to be rodeo parade marshall

With prospects of the road **being** lifted in the near future, the rodeo grounds at the S Bar O ranch will soon be cleared by the voluntary construction companies who are donating the work. The site of the fine arena which has been designed by the rodeo manager Allen Martin, has been donated to the rodeo by Eric Steinfeld of the town Engineer's department. The scale drawing is now on display at the Ray Rite store in Edmon.

Enlarged shopping centre on Main Street to open end of the summer

W1 in the building is completed in September Edson Main Street will have a complete shopping centre in the heart of town according to an announcement by Jack Hook of H & N Stores Ltd.

The architect's plans call for a five-store shopping centre south of the present building occupied by H & N Stores Ltd. and Hud's Super Market and separated by an arcade on which the individual stores will face.

The larger store space will be taken up by H & N Stores Ltd., which now has five chain stores in Northern Alberta. According to Mr. Hoak leases have been signed for the other store premises.

Upon the move of the H & N into the new store, Bud's will expand and take up the whole of the space now occupied by the present two businesses. Effective June 1st, Mr. Bud Brumbe will go into an agreement with HGA (Independent Grocers Alliance) and P. O. will have his first big chain grocery outlet. Mr. Brumbe will, of course, continue as owner and manager.

When expanded into the full space, the super market will have such fixtures as 70 feet of modern refrigerated display cases, 60 feet of refrigerated meat display cases, and 70 feet of frozen food display and a minimum of four check-outs for the convenience of customers.

H & N Stores will have 1,000 feet of selling space and the other four premises facing the arcade will have 1700 square feet each. Provision is also being made for customer parking.

Completion of all the stores is scheduled for September 1st. More details will be announced as plans progress.

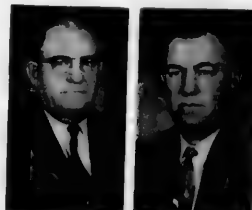

Plans on the go for outstanding farmer's day

More than 20 F.U.A. members representing seven locals, attended a joint meeting at the home of Mr. and Mrs. H. Menzies Friday, April 24th regarding the Annual Farmers Day Puddle which will be held at the old MacLeod-Barnes place.

This was a very successful moving wherein the groundwork for a better than ever place was laid. The new building, with its books, ball games, refreshments, and a new playground, is really a very fine place. The new building is really a very fine place. The new building is really a very fine place.

JOHNNY BAYER is the lad in the new Government Telephones building who is keeping tabs on work orders for the installation of the new dial phones that are going in all around town on a street-to-street basis this week. Your numbers have been picked and will be fitted in a special supplementary phone book with local numbers. There is no way they can be changed, but the phone office can now tell what your new number will be. It will be prefixed with PAIACE-3 plus local area.

Transport Dept. checks local TV interference

Mr. T. W. Wines of the Department of Transport has been in town checking local interference with TV reception and talking to set receivers.

Due to the extreme range from the station and being really out in the country, the local reception was not good.

Mr. Wines, local sets are not to work a high and low and they pick up more and more noise than do sets that are in the city.

He reported seeing private communication stations in town in the line of their broadcasting station.

He said that the station is in the line of their broadcasting station.

Feier Gomulka nominated in city riding

of interest to his many friends in Edson was the nomination of Mr. Feier Gomulka by the C.P.P. to contest the provincial seat of Edson North in the next provincial election.

Mr. Gomulka also is a former member with the C.P.P. was a long-time resident of Edson. He moved to the city 12 years ago.

During his 23 years residence in Edson, Mr. Gomulka was active in many organizations and was a member of the C.P.P.

Particularly typical were C.P.P. president, local William Brown, secretary, and Mr. Gomulka, treasurer.

He is a life insurance man and knows the community and problems of work and people and farmers.

PROCLAMATION

WHEREAS the general health and welfare of our Citizens depends upon wholesome surroundings arising from good, clean living conditions;

AND WHEREAS the lives and property of our people are endangered by fire hazards when homes, commercial establishments and surroundings are not maintained in an unadorned manner;

AND WHEREAS the Council of the Town of Eden will provide for the removal from the lanes of refuse and litter during clean-up week;

NOW THEREFORE I, WILLIAM H. KANENWALT, Mayor of the Town of Edmon, do hereby designate the week of Monday, May 11 to Saturday, May 16, as official CLEAN-UP, PAINT-UP, FIX-UP WEEK, and I solicit the assistance of all residents in making Edmon an even better place in which to live.

Catalogues' wholesale price often above local prices

Many who have received a catalogue from a retail wholesaler with prices in Toronto, Montreal, Windsor or Vancouver have noticed that you ever bought anything through one of these catalogues. If you have, it is possible that you paid considerably more for the article than if you had bought it from a local store. We are not referring of course to the mail order catalogue, as used by the well-known, long established mail order companies. What we are concerned with are the "wholesale catalogues." Although it states in these that they are only for the use of retail stores they sometimes find their way into your post office box.

In most of these catalogues there is a page in the front which is prefaced to read: "You and the like must be credited here in local prices." The reader is then told that the prices are "wholesale" prices, as compared with "retail" prices. "Wholesale" prices are usually lower than "retail" prices.

Many of the catalogues, when the "wholesale" price is a price for a large quantity, are for quantities of 100 or more. For example, the price of a pair of shoes is \$1.00 for 100. The last three figures in the code "Other relations" are 1.00, 0.00, 0.00.

The Edson Leader

The Voice of Edson Community

Vol. 2 Edson, Alberta, Thursday, May 7, 1969 No. 1

OMAR Comes to Marlew

After weeks of guessing at the OMAR advertising in the Edson Leader and Hinton Herald, Marlew of Edson today identified themselves with this name. Introducing their first anniversary sale under the name of Operation Marlew Anniversary Regatta, they chose the abbreviation of first letters, OMAR, for advertising purposes.

OMAR running for one week, May 11 to 16 inclusive, highlights departmental specials in appreciation to the motoring public for the support given them during their first year of business in Edson and to invite newcomers to drop into their premises and get acquainted. Free soft drinks, courtesy of the Little Igloo; daily draws for gas, courtesy of Sanford Oil Ltd., and a company draw each day are all designed to add to the fun and gaiety of the occasion.

Marlew of Edson, in a continuing expansion of sales and service continue to introduce specialists in the various departments. The staff, many of whom are well known to Edson and district residents are as follows: Secretary-Treasurer, Pete Chernien; Director and General Sales Manager, Al Dirks; Sales Representative, Ernie Drumm and Scotty Miller. Parts and Accessories Manager, Herb Holt; P. & A. Sales Clerk, Tommy Kallal and Herman Haak.

Service Manager Don Myers; Shop Foreman, Wes Hollingshead, Specialists, Automatic Transmission, Wally Sawalsky; Tune up and Electrical, Elton Zook; Front End and Wheel Alignment, Frank Boutin; Mechanical and Motor, Gerald Martin, Joe Folk, Harold Paul, Jack Adamson, Henry van Hecht; Welding, Cor Vanderburg; Lubrication, Bernard Neufeld; Tire Repair, Bob Whitworth; Service Station Attendants, Vic Spurgeon, Terry Kennedy and Garry Kendall.

Ford Tractors Popular On Farms

Bud Monahan, Marlew Ford Tractor representative at Peace reports on a recent meeting with Mr. Dan Mansuet, Sales Representative, Ford Tractor and Equipment Co., in connection with the introduction of 1969 Ford Tractor and Farm Equipment lines.

Bud states that the 1,600,000th Fordson Major Diesel Tractor unit has just been built by Ford of Eng-

land and the already wide acceptance of this unit in Canada is increasing rapidly.

Of interest to the smaller farmer is the new three cylinder diesel Denis Tractor. It is a two to three plow tractor with adaptability to all three point linkage equipment; carries standard or live power take-off and has hydraulics with drafts position control.

New Service Chief

MR. D. MYERS

MARLEW OF EDSON is very pleased to announce the appointment of Don Myers as Service Manager.

Don has had eleven years of comprehensive automotive background and is fully experienced in the problems and needs of the motoring public. He is a native of Edmonton, Alberta and was employed with Ross Motors, Malone Motors and later as Assistant Service Manager at Healy Motors. In addition Don had his own trucking business in Edmonton for two years and was also active in the commercial real estate field.

Married for the past eight years, Don has brought his wife, Marg, to Edson and is residing at 5813 - 7th Ave. West.

Folks around town are chuckling over the latest witty remark got off by grocer Desmond Brady, Wunsch who fired Eddie, his young helper last week.

When asked who was going to fill the vacancy, Desmond replied: "Eddie didn't leave no vacancy."

Bob Richard, C.N. Dispatcher, busy getting settled in his new home on 11th Ave. West, Gerald Hieten, new operator at the C.N.E., formerly of Camrose, busy getting moved into Bob's former residence on 8th Ave. East.

On this, our first Anniversary Sale, I wish to sincerely thank the many businesses and the motoring public who have supported us during the past year.

Business is not merely a building or a few tools manned by individuals only interested in their pay cheques. Business can only be developed by a group of men who have been trained to specialize in their work; to provide a service or product to the public at a price that is fair and just; to establish policies and practices that, on a day to day basis, strives to give the public guarantees and protection for the monies they must spend. Only on these principals can a business prosper and grow—for long term business success is always directly dependent on satisfied customers.

We feel this goal is realistic and workable and we are proud of the employees who are associated with us. We now have a staff of 24 at Marlew and each of these men are conscious of their responsibility to your motoring needs. They are the ones who, by their service to you, deserve the credit for our happy growth.

LEW ROBINSON

Jessie Lehalbo has been driving husband, Joe, crazy over selection of colors for their newly decorated living room. Jessie now calls it the Gold Room. Joe calls it the Room.

What's this about Jack Garvie, Manley Burleigh and Gord Laing purchasing a team of white horses recently?

Wonder if our favorite red head, Terry Wanderson, is still carrying the torch for the Toronto Maple Leafs. She was "tighting mad" over their loss to Montreal recently.

Jack Pyper is persevering in his efforts to grow grass at the Post Office. Thoughtless pedestrians still walk across the corner of the seeded area despite Jack's efforts.

Gladys "Little Igloo" Thomas, Edson's newest house owner, busy shopping for new furniture at Mills Furniture. Gladys was so excited over prospects of the new home as well as new furnishings that she couldn't make up her mind and no decision was reached.

Little Igloo Official Opening set for Omar week

Mrs. Agnes Thomas, proprietress, is pleased to announce the official opening of the Little Igloo Dairy Bar in Edson.

The Little Igloo, newest dairy bar west of Edmonton, stresses the most up to date and modern equipment for dairy bar services. Two deep fryers, one for fish and the other for chips; two soft drink dispensers; the latest in soft ice cream and milk shakes dispensing equipment and a modern hamburger grill assure fast and efficient service of top quality products.

Mrs. Thomas, resident of Edson for the past three and a half years, and mother of two boys, Wayne 6

and Jimmie 2, has had many years experience in this field. (Editors note: Agnes admitted it was considerably more than ten but, like a true woman, refused to be specific to protect her age.) The business is owned by Mrs. Thomas husband, Jim, and Earl Cooper, well known local oil field specialists.

The Little Igloo, on Highway 16, 5 blocks east of Edson's traffic light, also will specialize in the Fishburger. This taste delight, which has proven exceptionally popular in the USA and Eastern Canada, is a deep fried 4 oz. breaded cod fillet, served on a loaded hamburger bun with tartar sauce.

MARLEW Supplement to Edson Leader

MR. PETE CHERMEN

PETE CHERMEN, Secretary Treasurer at Marlew, who recently attended a Credit and Collection Seminar, reports increasing attention and interest being shown to this public service. Pete, along with his accounting and business management duties, also carries sole responsibility for the various credit facilities made available at Marlew for the convenience of their customers.

MARLEW Supplement to Edson Leader

MR. SCOTTY MILLER

MARLEW OF EDSON takes pleasure in announcing the appointment of two Sales Representatives to the New and Used Car and Truck Department.

MR. ERNIE DRUMM

ERNE DRUMM, as Truck Sales Specialist, has been a resident of Edson for the past thirty years and is widely known in the area. He has been active in the trucking field for many years and this, together with sales training recently completed in Edmonton with the Ford Motor Company of Canada Ltd., amply prepares him to work in this highly specialized field.

The biggest trouble with success these days is that its recipe is just about the same as that for a nervous breakdown.

MARLEW "SERVICE" — not something for nothing — but doing what you want done — Promptly, Intelligently and Economically

Thursday, May 7, 1959 — Page 5

Sanford reports increasing sales acceptance

Sanford Oils Ltd., Edmonton, highlight in their yearly report, a steady growth during 1958 as well as a highly successful operation. This report, in contrast to some subnormal conditions in the industry, stressed the optimism of company officials of further substantial sales increases in 1959.

The company is owned and managed by Mr. W. J. Sanford of Edmonton, former Divisional Manager for S.A. Oil. Mr. Arnie Phillips, Assistant General Manager, was also formerly associated with S.A. Oil and worked out of Edson for several years after the war.

Sanford Oils Ltd., market gasoline, diesel fuels, kerosene, naptha and solvent to all classes of trade in Northern Alberta—jobbers, dealers, distributors and consumer accounts, including drilling companies.

Also marketed are a full line of lubricating oils and greases under the Sanford trade name as well as holding the franchise and distribution in Northern Alberta for the products of Standard Oil of British Columbia — the famous RPM line.

The Director's Report also included mention of the fine acceptance and support given to Sanford Oils and Marlew Motors since their opening in Edson.

Marlew joins with Sanford Oils in expressing the hope that this happy association will strengthen in the future and promises to make every effort to continually improve sales and service to the benefit of the motoring public in the Edson area.

A Satisfied Consul Owner
The owner of a very expensive new model car, pulling up at a stoplight beside a small Consul driven by a friend, couldn't resist the chance to heckle. "Hey, Joe," he said, "what's that dreadful rattling sound I hear coming from your car?"

"Oh, that?" said the Consul driver calmly. "That's just \$5,000.00 jingling around in my pocket."

Our Credit Manager tried for many months to collect an overdue bill, but with no success. Finally, he sent a tear jerking letter accompanied by a picture of his little daughter. Under it he wrote, "By return mail I need the money."

The reason I need a photo of a voluptuous blonde in a Bikini bathing suit. It was captioned, "The reason I can't pay."

A. C. DIRKS

Al Dirks, General Sales Manager at Marlew, has recently taken over as Officer Commanding, Hinton Cadet Corps. The Corps, recently formed, now has a complement of 48 cadets. Al reports that they are now in their fifth week of basic training and are presently concentrating on specialist training in radio and quartermaster duties.

Al is also 2 1/2 C with the Edison Cadet Corps and has been active with this group for the past two years.

With 10 years in the permanent force and 3 years with the reserve, Al is planning on attending the Lieutenant to Captain Training Course in Vernon this August.

Wilbur Fitzlooney is steaming mad over the report in a city newspaper to the effect that an Ottawa newspaper reporter said the new budget meant "The cost of living has gone up 15 cents a bottle."

"Everyone around Edison knows that I was the one who got off that creek the last time firewater was boosted," said Wilbur. "It makes me pretty sore to see some Eastern reporter stealing my stuff."

The folks around town are sympathetic about this theft, but none of them are worried too much. They know it's only a question of time before good old Wilbur comes up with another killer-diller that'll have us all pounding our knees and rolling in the aisle.

Denny "Collision" Leonard is making hay while the snow abates. Edison's unseasonable weather found him hustling to keep up with accident claims.

Lilo father — like son, Michael Connolly no sooner suffered an accident requiring seven stitches in his forehead than son Neil took a bad tumble requiring two stitches under his chin.

Bill Mills, boss man of Mills Furniture, was seen on Main Street today measuring up the frontage for his new store. Spawning new premises are planned directly north of their present location.

Bob Watson, Edison's Postmaster, talking up Maclean's magazine. Bob has been following a diet published therein and claims he's lost 15 pounds. His new silhouette looks just about the same as the old but he claims he's 100% better.

Al Dirks, Officer Commanding Hinton Cadet Corps, (and 2ND at Marlew) questioning a young corporal as to why he was late for parade. The corporal answered: "But Sir, my Dad just bought a new Ford tonight and we were trying it out." Case dismissed.

Wonder if Marge Robinson has met any more male drivers so frightened at her approach that they hastily jumped from their car in the middle of the street.

Dennis Murray seen pulling her son out of a mud hole on 8th Avenue and, in turn, becoming well mixed herself.

George Samborski, C.N.R. Clerk, ignoring Edison's late snow as he makes plans for his trip to the Old Country this year.

MIETTE YOURETTE OURETTE

A family had visited Miette Hot Springs and the father asked his four-year old son how he enjoyed the trip to Miette. The conversation went something like this:

Father: "How did you enjoy Miette?"

Son: "Fine. When are we going to Yourette again?"

Father: "Ha ha, it's not My-etie, it's Miette you know—?"

Son: "Well, when are we going to go to Yourette?"

Father: "No. No. It's Your-etie, I mean the name of the place is Miette, it's yours, mine, mom-my's, everybody's, not only mine."

Son: "Well, when are we going to go to Ourette again?"

If you've gone camping at Miette we bet you at at Miette.

Edson firemen to be on call for Sundays and holidays

It was decided that regular members of the Edson Volunteer Fire Brigade would be on call for Sundays and holidays at a remuneration of \$5.00 per day at the regular meeting of the Edson Council on May 9.

A fire alarm has to be placed on the new fire hall extension for convenience a turning in fire calls is now devised as well.

Promoted: Mayor W. H. Kander, Wm. Macdonald, L. A. Mann, R. D. Bende, C. H. Tinker and P. W. Wells.

Mr. L. E. Jones of Fabric Care Associates Limited addressed Council on behalf of his company in their application for license to do business in the town of Edson by putting up their stand from door to door.

The application for license, submitted by Mr. Jones, was referred to the Town Council to take up with the Department of Municipal Affairs and Assessors' Office and to make report to Council for instance of Council at next meeting.

Mr. N. Macdonald of Pearl Cleaners addressed Council asking for Capital Cleaners has agreement with his company and picks up commercial laundry under his license.

Mr. L. Kewich addressed Council making application for transient trader license for Capital Cleaners. Limited to pick up commercial laundry only. The application was referred to the Town Council.

The first half of Lot 4 and all of Lot 4 Block 141, was leased with option to purchase to Mrs. Larson and Marjorie Gladys Larson and Marjorie Gladys Larson. The land was sold for \$250.00 and the option to purchase for \$100.00. The land was sold for \$250.00 and the option to purchase for \$100.00.

Higher school requisition forces five mill raise in Town rate to 56 mills

A requisition from Edson school division which reflected higher school and teacher salary costs, and lower provincial government grants, forced a mill rate increase on Edson property owners when the Council struck the town mill rate on Tuesday evening.

The increase would have been a full six mills had not it been possible to reduce the hospital mill rate from five to four mills. The town rate is now 56 mills.

Municipal	17 mills
School	23 mills
Hospital	6 mills
Electric Light System	10 mills
Business Tax	10 mills

This compares to a mill rate last year of 52 which was made up of 14 for municipal, 20 for school and 18 for hospital. The 1958 budget (total \$253,912) against \$274,000 for last year and \$250,000 in 1957. The 1958 budget was limited by \$10,000 to \$250,000 from Calgary, Power Ltd. for the power plant, and the 1957 budget was increased \$10,000 from the same source.

The 1959 school requisition is \$85,127.31, an increase of \$14,000 over last year. Previous year this amount is an increase of 75 per cent.

According to the budget, police costs will increase this year to \$10,000, as a new candidate has been added, bringing the police force to a total of four men.

The new requisition was the result of a requisition to defray the dollar-a-day hospitalization charges for Edson citizens. The total will be approximately \$1,000, less than the \$17,000 in 1958.

To keep within the paid sum capital budget almost necessary capital works such as sidewalk and curbside were cut out to reduce the works budget from \$14,076 in 1958 to \$8,000 in 1959. This, with other capital work lighting, made it possible for the Council to hold the line on the only costs over which they have any control.

An \$8,000 for sewer mains is included in this year's budget. It was the feeling of Council that this will cut down on the illegal waste of water by Town users, and be more than repaid in reduced pumping costs this year alone.

LEADER REYDER GROVES BIG LEMON — Mrs. J. Longstre, who lives 18 miles northwest of Eden called at the Leader office this week with a lemon tree she had grown in her home. This lemon was perfect in color, weight, size and taste. It weighed 1 lb. 6 oz., measured 7 1/2 inches around the widest part, 10 1/2 inches long and 3 1/2 inches in height. This is the fourth large lemon Mrs. Longstre has had from her plant. This particular one has taken one year to grow from the time the plant blossomed. The first lemon weighed 8 oz., the second 10 oz., and the third one 12 oz. It would yield 3 1/2 cups of juice. The plant itself is about 18 inches high and at present has three lemons growing from its branches. Mrs. Longstre says she will keep this lemon tree and reports for her friends on what it may produce.

Trail men in Edson

Affected by snubbing the Edson Division with the

Edmonton Division are the Superintendent's and General Office, Divisional Engineer's Office, the Dispatchers, the Car Department and a further reduction in the Round House staff.

According to the word from Mr. Graham, Yard Crews,

B & B crews and Neelionmen are not affected. Some of the men have received their notices already, others are able to transfer, but all the affected categories will be out of Edison Division by July First.

would seem that about 70 jobs are affected. This is a serious blow to our community. But our sympathies are with the men who must find other jobs after years on the railway, or being transferred, must try to sell their homes when a group of homers are coming on the market all at once.

Automation and technical progress are fine sounding words until they are transcribed in human terms. We know the families affected will have the understanding and helpful neighborliness that our "rich" community feels.

Edson Hardware goes "Sunset" with flowers

Mr. Jack Garvie and wife of Edson Hardware and Builders' Supplies were busy as bees giving out coupons for the ladies dropping in early Thursday morning for the opening of their modern Sunset Store. Plans were completed the association with the Sunset Division. The store's new service stands are completely modern, displaying the latest water in the best advantage.

A demonstration of the Kransie Plastic Snow Paint is given by Mr. H. H. Smith, representing the J. H. Ashdown Hardware Co. Ltd. of Edmonton. In realizing the advantages this paint when painted with "Snow" be sure to attend this demonstration by Mr. Smith.

Mr. Lloyd White, the Sunset Division, also representing the J. H. Ashdown Co. Ltd. headed out early for today's door prize, a beautiful porcelain for tea or coffee, the draw to be made later today.

A demonstration of the uses of the Southern electric fry pan was given that really topped the list in being given. This electric pan is a real special for this year.

Mr. Garvie and Mrs. Charlie Marshall served delicious coffee and homemade cookies to the numerous well-wishers who attended the first morning of the grand opening.

The Edmonton Leader

The Voice of Edmonton Constituency

Vol. 7 Edmonton, Thursday, May 26, 1939 No. 21

THE SUMMER COTTAGE being raffled by the Edmonton Club this year is a prime second-hand unit. Constructed and on view on the Edmonton Theatre parking lot, it is attracting a lot of favorable comment. Fractions are rapidly comingling.

Pedal Pushers parade set for Saturday morning

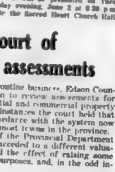

The Pedal Pushers will meet at 10 a.m. Saturday morning, May 27, at the Memorial Park for their annual rally. The rally will be followed by a parade led by the club. The parade will start from the Memorial Park, move along to C.N.R. station, a round the grounds of the Executive building, and back to Memorial Park.

W. J. CAMPBELL, Commodore of the Pedal Pushers, is scheduled to speak this Friday evening in the weekly meeting of the club. He will be joined by Mr. H. H. Hume, Mr. J. J. Hume, and Mr. J. J. Hume.

'The Bells' appreciated by local audiences

The play "The Bells" directed by Mr. and Mrs. F. W. Hume and sponsored by the Edmonton K.C.'s was well received by the two and audience last Friday and Saturday.

Scene from the play "The Bells" as performed by the Edmonton K.C.'s. The actors are in a dramatic pose on stage.

Council holds court of revision on tax assessments

Following their attending to routine business, Edmonton Council convened a court of revision to review assessments for this year's taxes on both residential and commercial property in the town. In the majority of instances the court held that the assessments were fair in accordance with the system now in use.

School Division sign teacher salary agreement

The Edson Leader
The Voice of Edson Constituency

Vol. 7 Edson, Alberta, Thursday, June 1, 1960 No. 1

RETURNING OFFICER JOHN GERLITZ officially closed the period for filing of nomination papers for candidates in the June 18th provincial election at 2:00 p.m. Thursday afternoon. Edson's constituency campaign is to centre around three men: The Hon.

Norman Whitmore who is running to hold his seat as a Social Creditor; Chris Nielson running for the first time as a Progressive-Conservative and Melvyn Powdyn running for the first time as Liberal.

P-C leader calls for more local discretion in forests

The same de-centralization of administration by the Provincial Government was promised for the Lands and Forests Department, that the Conservatives propose for other government departments by Provincial P-C Leader Cam Kirby to a good turnout of voters in the Legion Memorial Hall, Edson, Friday evening, May 29.

Mr. Kirby, speaking on behalf of Edson Constituency's Conservative candidate, Chris Nielsen in the June 18th election, said that his party advocated a policy that will be applicable to all operators, large and small.

He suggested that those people looking for assistance and gold around would not be told to "go and raise sheep." The PCs also advocate a policy of conservation of wild life and forests that will be

service party in his travels throughout the province. The people of Alberta seem more concerned with performance and do not go for the boasts of experience in office. Albertans have a habit of

Campaign
officially off

With the closing of nomination for the election on June 18, the election campaign is officially started with three candidates in the field.

Official agent registered with Returning Officer John Gerlitz are: Arthur W. Leonard Edson for Hon. Norman Willmore, Jim Scott Edson for Chris Nielsen, and Robert S. McNeen, Hinton, for Melvyn Parkyn.

Campaign meetings are just getting into high gear and all three candidates are on the political stump with everything they've got. Poor turnouts have been the rule for the meetings held by Mr. Willmore and Mr. Parkyn to date, while meetings held by Chris Nielsen have been selling political re-

The big party wheels so far visiting the constituency are P.C. Leader Cam Kirby, who spoke in Edmon last Friday evening, and Liberal Leader Grant MacEwan who is scheduled to speak in the Edmon Legion Hall on Wednesday at 3:00 in the afternoon.

Other than Mr. Willmore, who, of course, is a cabinet minister himself, no heavies have been scheduled to appear in the Social Credit corner.

Pedal Pushers Parade Colorful Saturday Event

The Pedal Pushers came out in large numbers on Saturday morning at the Memorial Park. Many were seated with a personal trophy donated by Mills Furniture.

McLeod River Baseball League is formed

The McLeod River Baseball League was formed at a meeting held at Riverview on Sunday, May 21.

The league is made up of four teams: Riverview, Marlboro, St. John's and Pears. A schedule was drawn up for the month of June and games are as follows:

June 7: Riverview at Marlboro
June 14: Marlboro at Pears
June 21: Marlboro at Pears
June 28: Pears at Marlboro

All games are called to begin at 2 P.M. on Sunday afternoon. After July 1st, it is hoped a play off series can be arranged.

Former Edson boy killed in car accident

Word has just been received by Mr. Wilson of that Walter Wilson, of Winnipeg, was killed in a car accident Tuesday night. Walter was born and raised in Edson being the son of Peter Wilson, C.N.R. Inspector and grandson of the late Chris Wilson of Edson.

Walter had a business of his own, was working late hours, and driving home at night after a long day's work. He apparently went to sleep at the wheel. He was 27 years of age.

Mr. "Tom" Hammer tells the following:

Mr. "Tom" means "I'm fast"

Mr. "Tom" never talks under the same place.

Hallford

Mrs. Wm. Henry Hallford, 62, of Edson, was one of the guests at the 40th anniversary of the A.P.T. Convention in Edmonton last week.

On a Creek P.T.A. Local #11 held a dinner in the Hallford Hall last Friday night. There was a very good event and every one enjoyed themselves. Mrs. Hallford, who is 62, and her family, also Mr. Hallford, who is 60, were the guests of honor.

Mrs. Charles Lawton was home for the weekend from Hinton. Mr. and Mrs. C. Stollings from Edmonton were out to spend the weekend with Mrs. Stollings parents, Mr. and Mrs. L. Condit.

Mr. and Mrs. F. Kraus were business visitors in Edmonton on Monday.

We saw Mr. J. Madors from Edson going through the district on business last Monday.

A NEW DEAL for Northern Alberta

BETTER UTILIZATION OF NATURAL RESOURCES

BETTER HIGHWAYS

BETTER EDUCATION FACILITIES

MORE EQUITABLE DISTRIBUTION OF MUNICIPAL GRANTS

Don't get a GOOD deal for your money with a Liberal Government. Now we want all the reasons why:

1. Better Highways in the north would increase transportation and cut down shipping costs.
2. Better Education Facilities would bring trained quality teachers.
3. Utilization of Our Natural Resources for industrial development.
4. A More Equitable Distribution of provincial revenues to relieve the taxpayer of an unjust burden of municipal taxes.
5. High Retirement Spending and wasteful practices in government expenditures.

MR. AND MRS. ART DELORME (right) accept the keys to the beautiful new 1959 Chevrolet Silverline Sedan they won at the Kinnaman car bingo last Saturday evening from Kin President Jim G. Gorman. Mr. and Mrs. Delorme are ex. School council and make their home in Glenwood. Several of valuable prizes were won as well at the b which was to have been in aid of the winter pool project. —Leader

A luncheon meeting of the Edison Board of Trade Tuesday noon in the Parish Hall held a forum type discussion on how best Edison district could meet the payroll cuts in this area.

"The people of Alberta have a long and important decision to make on June 18," Pro-moral Liberal Leader Graham Macdonald said. "After a public meeting in the Legion Memorial Centre Wednesday afternoon, the people of Edmonton are concerned with this decision. The two — Edmonton needs a new voice in the Legislature, he said.

Facing tribute to the two-party system of government Mr. Macdonald said that the Liberal Party is the more stable type of government in countries such as the UK and the USA. "We don't need the socialist party in Alberta and we don't need the Social Credit party," he said. Mr. Macdonald said that the Liberal Party is the only party that can provide a natural resource base for the province.

Speaking about gas and oil exports Mr. MacFarlan said that in his opinion there is no reason why export can be combined with Alberta consumer protection. Speaking on coal, he said he thought the government should be considering getting into the power business at some level because thermal power was, in his opinion, a com-

Mr. Mel Partyn, Liberal candidate for Edson, read the party platform, stressing the 12 points. A. L. Cusense was chairman of organizing.

There is no doubt, he said, that the Government of Alberta has been reckless and reckless in its recent conduct in the Alberta record in forest protection, especially from fire, is the blackest in the history of the province.

The McGee commission report state he said that in 17 of our 41 areas in Northern Alberta, burning has been so great that there has been no rut in some areas.

share a few people in each

Chairman David Linton told the members that the decision was not theirs but he was glad to follow their lead immediately and asked for the cooperation of members in the future.

The committee, for a start, have submitted Good Year Rubber Co. by telegram. This company has been chosen for the award because of its long and interesting history in selling up to factories in Northern Alberta.

Edson JA's attend city convention

Twenty-five members of the Andrew Jones Association attended the JA Convention held June 10 in Edmonton.

On their arrival in the city at 8 p.m. the girls first took part in a service in St. Basil's Cathedral which was followed by lunch in the parish hall. This was returned to by the Edmonton Junior Association.

The 400 girls attending, headed by Junior Avenue in Alberta City, left Edmonton where they took part in a program of plays and songs until four p.m. The girls were then able to go with their families and had a wonderful time spending their shopping at downtown.

Special thanks are extended to Rev. Hooper, Mrs. Don Smith, Mrs. Cott, Mrs. Mrs. A. Price and Mr. Hooper for helping to make the trip such a success.

Can't blame gas export on Dieselbaker

By REV. C. C. ARMSTRONG

A Calgary newspaper charges that an effort is being made by Premier E. C. Manning, for election purposes, to divert attention from the gas export decision on the conservative government in Ottawa.

The Calgary Herald, in an editorial Wednesday, May 27th, states that the Prime Minister's statement in the House of Commons that a "momentary consideration" would be given to gas export applications now before the national government, was needed before the election.

The editorial declares that what Mr. Manning did, in fact, was to make the gas export decision a long time to die for.

The Calgary Herald added that for the Conservative party in Alberta, and that to divert attention from the gas export decision to the election was a "dirty trick".

The Conservative government in Ottawa is concerned with the people of Canada and is trying to protect them. What is Mr. Manning doing to keep Alberta gas wells open?

According to plans made by the Board of Trade with Alberta Government Telephone officials, Mayor W. H. Kanke will pull the ribbon for the new telephone building which is located on 11th Avenue East for several months.

Following the official opening, public is invited to inspect the moderate five-million dollar building with its sparkling new

For all citizens interested, a luncheon is scheduled for 6:30 in the Parish Hall under the sponsorship of the Town and the Nelson Board of Trade. Tickets are available from Mr. G. V. Sutton at the Imperial Bank, or by any member of the committee.

MR. HARVEY SWITZER was elected President of the Alberta Rice Association at the convention held in Dawson Creek, B.C., on June 13 and 14. Mr. Switzer has been a resident of Dawson Creek for 12 years. He is one of the 10 grand lodge officers along the border district officers for this zone served.

bers. Mr. Switzer was named delegate to represent the provincial association at the grand lodge convention to be held in Sherbrooke, Quebec, in July.

Edson constituency left no doubt in anyone's mind they felt about who should represent them in the Legislature when they returned the Hon. Norman Willmore with crossed majority for his fifth term.

With the exception of his home poll of Peers and other rural polls, Chris Nielsen, Conservative, was counted just a bit better than half of Mr. Willmore's vote in many polls. Mel Parkyn, Liberal, received no support

Delegation asks expanded school bus for East end

Extension of school bus routes and routes for installation of passenger bus and lights were considered at the regular meeting of the Edson School Division Board held June 7.

Present at the meeting were Messrs. A. L. Fausk, M. W. Widdow, J. H. Lawton, P. M. Madsen, A. W. Leonard, Trustees, Superintendent J. H. Finley, Assistant Superintendent A. K. Krasner, Secretary Treasurer D. S. Shandell, Mrs. M. Scherf, of the Home Local Board and Mr. A. G. Cliff, teacher-representative.

Acceptance of Tenders. The following tenders were opened and read for the installation of passenger bus and lights in the West end, bridge and school, and the Hinkley River bridge and school.

Robert Co. Limited, \$200.75; Messrs. Fruehauf & Heston, \$273.80; Canadian Progress Limited, \$247.25. Moved that the tender of Canadian Progress Limited be accepted and that they be instructed to proceed with the work under the supervision of the Superintendent of works, Mr. P. O'Hara.

Delegations. The following delegations from the West end area, namely, Messrs. Leonard, Finley, Messrs. Krasner and Madsen, were appointed to the Board as to the distance their children had to walk to the school. At the present time the road is not graded but it is hoped that it will be in the future and that the road could make the

Superintendent's Report. The Superintendent, Mr. J. H. Finley, outlined the better situation for the coming term and submitted list of requisitions (transfer and appointments). He also advised the members present that he had accepted the principalship of the Lacombe school in Jasper Place and that he would be leaving the Division in August of this year.

New Van Route. A lengthy discussion took place as to the possibility of extending van routes to the Keweenaw View area, Park Court area, and the Ipswich's Place area. It was the general feeling of the meeting that if the roads were in condition for van travel, van service should be provided in these

The MRS. NORMAN WILLIAMS threw the switch that turns on the power to start the change over to the new automatic phone system Saturday evening in the Johnson new Alberta Government Telephone building on 6th Avenue East. Behind Mr. Williams is District Commercial Superintendent G. M. Bauman. On the right, Mr. Mary Macrae, (left) control present Chief Operator Helen Latta (right) with a booklet of forms, while District Traffic Superintendent L. C. McIntosh looks on. Some of the local operators line the multiple boards which are latest in efficient telephone operation. The

new building was opened officially by Mr. Williams at a ribbon cutting ceremony at 8 a.m. following which hundreds of Edmontonians walked through the modern three-story building to inspect everything from the qualified furnace and air conditioning system on the top floor through the multitude of wires and switching relays and wires in the main floor nerve centre. Built to handle expansion for many years the setup is an indication of the faith Government Telephone planners have in the growth potential here. Earlier in the even-

ing officials and local representatives of the AGT were guests at a Board of Trade luncheon in the Parish Hall at 11th Avenue and 10th Street. Mr. Williams, D. E. Edwards of Edmonton gave an explanation of the planning that had gone into the telephone nerve centre which will serve Hinton and Jasper areas as well. Mr. Edwards took the opportunity to express the appreciation of AGT for the service provided by Mr. M. A. S. since 1917 until 1947.

To build 5 miles of Yellowhead on B.C. end

Major construction for nearly five miles will be done on the Yellowhead highway this year, according to information received from Hon. P. A. Clatch, British Columbia, minister of highways. The minister said funds have been provided for this program, which will be undertaken north of Barriere. The work will consist of clearing, grading and rock stripping.

Tax notices now in mail up four mills

All the tax notices for property in the Town of Edson have been mailed. These notices, which are mailed on the 1st of July, will be mailed on the 1st of July, which is 23 miles this year.

The law for municipal purposes is the same as last year, 17 mills, and the townships levy is 4 mills, 4 mills. It means a few more for property owners of four mills—up to 50 from 23 mills last year.

July 22 is the cutoff date for the 1950 new millage on all property. When asked how come the new for the Liberal party this reply was "These damned Indians must be kept up. Mary I've been thinking them for weeks then one of them had to go and forget where to put his P."

The Soccer Club plans to find a new field immediately. The new field is needed for the club has not been making much progress because of the muddy weather so far this season.

July First Parade float entries coming in now

More and more entries are being received for July First parade float entries. Entries should be made in book as though the parade this year should be bigger and better than ever.

The year's baseball season opens at 8 a.m. with Edson Athletics meeting, Harkley. In Harkley, Harkley drivers meeting the Glenwood Redskins at 12 noon, then Jasper Panthers, who have the bye, meeting the winner of the first game at 2 p.m. Final game of the day will start at 8 p.m.

In before football Glenwood meets Edson at 12 noon and then Harkley at 12 noon. The parade will form up at 10 a.m. at the CNR depot and proceed up Main to 4th and then across to 10th Street to the Memorial Park grounds where the judging will take place.

SAFE DRIVING

You may have the best equipment of safe driving but here are some extra pointers:

- Read and heed traffic warning signs and signals. They're for your protection.
- Allow plenty of time as you don't know how long it will take.
- Try to maintain the same speed to avoid passing or being passed.
- At every crossing, open a wide view to traffic. Look back, wear down the pedestrians or vehicles on the highway.
- If you get drowsy, get off the highway and take a nap.

SAFE BOATING

Small boats are fun, but don't go too far unless you can swim. An overboarded or out-of-control boat can easily tip. When swimming, rest your hands on both gunwales and stay into the center. Once seated, stay put. Changing seats or standing up in very small boats is making the trouble. If your boat will not paddle, rope, push or shove anything and lead him to the rear of the boat. If your boat carries a motor be careful of spilled or falling gasoline. Be a pro for each passenger.

SAFE SUNNING

Don't get out and get under the sun, but don't overdo it. No sense exposing your vacation "tan" to burn up. If you don't want to be as red as a lobster, if you do, you'll have a real time. Always get into the shade a little before you should.

Any time you pamper a great deal, cut down salt to avoid heat exhaustion.

SAFE SHOOTING

Keep your gun "on safety" until ready to fire. When walking in single file, the lead man should carry the gun pointing forward. The other should be ready to fire. To go through a fence, behind the gun and get it on the other side first. Never shoot at anything you can't see clearly.

SAFE WATER SPORTS

Come on in... the water's fine, but wait two hours after eating. Don't drink unless you're sure the water is deep enough and free from rocks, sticks or old poles. Never swim alone and never continue to swim away from shore until you become tired. Remember after this warning you'll be rapidly, so keep plenty of rescue equipment to swim in shallow water. Tired swimmers drown easily.

Unless you're on urgent business, don't get water skiing. If you're learning to fly, better start without a back. Remember make your own landing.

350 register for swimming and water safety lessons

With the opening of the hot weather, the city of Calgary has the most numerous of the city's Home and School Association and the local Red Cross report a registration of 350 swimmers for swimming and water safety lessons this summer.

Of this number, 200, which will be in the beginner's class, will be in the Red Cross class and one small group will make up the intermediate class.

With the present conditions, the plan is to hold a class every day Monday through Friday for the first two weeks of the summer, and then alternate days for the remainder of the season.

Children who have had lessons in the past will be allowed to skip the first two weeks and begin in the third week.

Jasper Takes Edson July First Ball Tourney

By MAI SOLTIS

The Mackley Braves just can't seem to win the big one. Lady Luck waded Andy Shand's crew again as they dropped their third important extra-inning game last night. The Timberland Pavilion Tournament after having lost 10-9 in 14 innings, went down to defeat again.

This evening from a League sport's write-up which showed the same Braves 2-1 in 11 innings in their last-of-three North Western Baseball League playoffs. Jasper went on to win the series and the N.W.B.L. championship.

The same story could be told on Wednesday evening at Memorial Park when the Jasper Panthers edged the Mackley Braves 5-0 in 11 innings to win the Edson First Ball Tourney and \$75.00 prize money in the First of July Sports Day baseball tourney.

The game-opening encounter on a truly a crowd pleasing climate for the spectators's heavy attendance which started at 8:00 a.m. and finished at 8:45 p.m.

Jasper's 63 division from Mackley was a home from behind as they trailed 5-1 going into the top of the ninth. Gerry Giddie was hit by a pitched ball by Mackley starter Charlie Gallagher who had to this point, the Panthers under control. Chatterbox Mackley who had inspired in the fourth inning, scoring Jasper's first run.

After a double play in left center, Steve Chaykin made in left center field in some. Kuba from Steve Jack McMahon grounded out and the play Mackley advanced to third. Nichols then drove a home run ball. Pitchman Gallagher grounded ball was stopped by Dean Gates. Mackley Braves first out who stepped to Gallagher, covering first for the second out. Mackley came in on the play making the score 5-2 and Nichols advanced to second.

Then came one of Jasper's two clutch batters in that final game

to settle for second prize money of \$175.00.

Three other close-inning games prevented the final encounter. At nine o'clock the Edson Athletics defeated the Hinton Hustlers 1-2 to enter into the semifinals against the Jasper Panthers who had earlier received a bye.

Walter Poth, formerly a 10-15-15 player, pitched a nifty game for Edson over his last teammates. Poth struck out two and walked seven. Hinton batters.

The 10-15-15 brought out four batters for the game: pitcher Raymond, catcher Wayne Mullins, first baseman Sam Hootney and center fielder Ray Bailey.

Raymond went the distance for Edson allowing 10 hits, striking out the most number, with seven committed seven errors.

Bob Light and Bob Paulsen led the Edson attack at the plate. Light went 2-3 and scored two runs while Paulsen got two hits in four trips to the plate and scored one run. Rightfielder Ken Layton was 2 for 3 and batted in two athletic runs.

The two games at 10:30 were between the Mackley Braves and the Hinton Hustlers. The 10-15-15 turned out to be a slaughter as the Braves got in five clean ground plays for 17 hits. The final score was 17-0 for Mackley.

The five Glenwood pitchers: Don Leary, support from Don Brown, Paul Boy and Al Hamilton, received no support from their team mates, who committed 16 errors in the field.

Jim Nichols went the distance for Mackley striking out nine while allowing five Glenwood batters to reach base. He walked only four times in the contest.

Service clubs merge on rodeo activities

After several days of discussion, the Edson Lions and Lions men, together with the Optimists have joined forces in the promotion of Edson and District Annual Rodeo. Mr. Jack Strang, popular Edsonite and local businessman, was elected General Chairman of the Rodeo Committee and Board of Directors. Walter Martin continues to act in the position of Rodeo Manager, with Bill Smith, local well known rancher, Alie Gahleit, Jim Gird, Nery Smith and Al Worth.

A large list of prominent local businessmen are chairman of the various committees.

The Rodeo Board now represents well over 125 local business and professional men, and is considered to be one of the strongest groups of its kind. Preventing it to be one of the strongest groups of its kind.

Mack official election count

Returning Officer J. Gellie has announced his official figures on the results of the June 18 election for Edson Constituency.

Paul Campbell showed 274 votes for Mack, Maurice Williams 274 votes for Campbell.

Credit member 1978 for Chris Nelson, the Conservative candidate, and did not show. Perhaps, the Liberal vote was split.

Mr. Phillips, of course, lost his 1978 deposit to the 1978 vote, but many more than half of the vote, he lost.

Smash-up ties traffic up for half hour July 1st

Two cars involved in a collision July 1st tied Main Street traffic up for half an hour about ten p.m.

The accident occurred when a car driven in Prince Grandinade on Highway 10, travelling along Highway 10, turned left on Main Street and into the corner and collided with a car driven in the northbound lane of Main Street, who was coming from the intersection.

The car driven in the northbound lane of Main Street, who was coming from the intersection, was driven by a man named Eric Walsh, who was driving a 1968 Ford Mustang.

Hank Snow show draws crowd in auditorium

Anybody who missed the latest appearance of Hank Snow, show also a great variety of old favorites, latest recordings by RCA Victor, and many more, that have been on the air since the song.

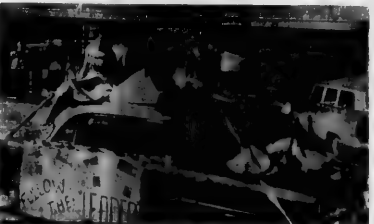

The Rainbow Ranch Boys started the program off with a series of songs played by the boys in the band. Ed Hyde on the guitar, Chasley Brown on the fiddle, Buddy Saylor on the tenor, and Harry McPherson on the bass.

During the show Hank Snow dedicated a song to all the mothers in the crowd in memory of his mother and made many a heart warm and eye moist, when

during the show he made anybody who loved a little pretty dog, and had him jump away, off when he sang it along about a little boy and his dog.

The crowd singing show was full of old favorites like "Yellow Rain", "Let Me Go Home", and "Faded Heart". The audience also enjoyed the country players with such songs as "Under the Double Eagle", "On the Water", and "Wonderful World" on the street corner.

At intermission the ladies of the Lions brought a wonderful Lunch Club served coffee and doughnuts. The Lions brought a wonderful show that the large crowd enjoyed very much and we all hope they continue these entertaining programs.

Pool committee appoints operational superintendent

The committee in charge of running the community swimming pool have appointed Mr. Frank Kiyooka of Jasper as superintendent in charge of operating the Kiyooka pool this season. Mr. Kiyooka has been teaching physical education at Jasper schools and comes to Edson highly recommended by continuing pool authorities in Edmonton.

With Town crews working all the week of the volunteer members who have been filling the huge filling tank, and during other last minute adjusting, it looks as though the pool may possibly be in operation this coming weekend or early next week.

When the program was put on the system to supply the water in the pool earlier this week, it was found that there were leaks in the connecting pipe under the concrete apron around the pool. Lower have been identified and the leaks that were made have been repaired.

Providing no others show up, they should be no great delay in the opening of the pool for operation.

Well known garage operator passes Friday

Funeral services were held for Mr. Thomas Edwin Wilks, 71 from Edson United Church, on Thursday July 7. The Rev. J. J. Armstrong officiated at the service in which members of the Edson Lodge of the Royal Purple and D.O. 215 attended in body.

Mr. Wilks operated Wilks Garage on the corner of 2nd and Main for many years prior to his retirement. From active business a little under a year ago.

Unfortunately, however, a rupture in his leg in form of fracture in Edson and after he was well and completely recovered in Edson hospital, he was unable to move, after he had been in the grave from his wife Mr. A. A. Maxwell. He never married.

Mr. Wilks passed away from heart failure at 10:15 a.m. on Thursday July 7. He was 71 years of age and was born in Edson, Alberta, on May 23, 1858.

He was married to Mrs. M. W. (Pearl) Wilks, a daughter of Mr. and Mrs. John Wilks of Edson. They have two sons, Walter and Edward, in Edson, and a daughter, Mrs. A. A. Maxwell of Edson, as well as three grandchildren.

... 1000 AND 5000 YARD RACES were the honors of a fine day of racing held on the July 8 race track by the Edson Race Team.

Golf tourney proves success

The first tournament of the season held at the Edson Golf Club proved to be extremely successful. Twenty-six golfers entered a most pleasant day's golfing. Fine weather and a nicely improved course made the conditions near perfect. The ladies of the club spent themselves very busy in the company of the men members and at times were threatening to swamp all before them. The prizes were won mainly by the ladies and two of the younger male golfers. A second tournament will be held on July 18 starting at 8:45 a.m. it is hoped to see all men here on the tee for this occasion.

Carotene and other vitamins. Parents look up to their daughters. Great leaders are coming today in the household. Mothers, daughters, and sons are taking vitamins. Why are we so careless?

Scientists have studied this growth movement for years and the latest theory is that a certain amount of carotene is necessary for proper nutrition of body tissues. This better "building" of the tissues helps growth. The same given in this wonderful vitamin is essential. The vitamin carotene not only contains large amounts of B-CAROTENE but also appears to increase the rate of B-CAROTENE in the body.

Shining Bank Rodeo draws good crowd

Sweltering heat failed to dampen the spirits of approximately 150 people who witnessed the Shining Bank Rodeo on Wednesday, July 22. Edmon and district enthusiasts saw their first taste of amateur rodeoing this year under the direction of Mr. J. O'Connor and went away pleased with the day's entertainment which commenced at 1:30 and concluded at 8:30 p.m. at the Shining Bank Stampede grounds.

Main events included such crowd pleasing items as saddle horse racing, barrel racing, steer and calf roping and barrel racing. The barrel racing contest featured three young contestants, ranging from nine to eleven years of age, finishing in with some good times while competing with the older boys.

Mr. HARRY GOLDSTEIN and an Edmonton friend left last Monday for a visit to New York. They also plan visits to Rome, Paris, London and New York before they return home to Alberta.

District people at royal luncheon in Edmonton

District representatives at the luncheon in Edmonton in honor of the visit of Queen Elizabeth and Prince Philip included Mr. and Mrs. Adolph Bergeron, Edmon, Mr. Charles Davis, Grand Forks, Mr. and Mrs. J. Parkins, Edmon, Mr. and Mrs. L. A. Nelson, Grand Forks, and Mrs. R. C. O'Connell, Edmon and Mr. C. J. Palmer, Grand Forks. All spent the afternoon in the city and were being paid to represent their district.

Reward for little boy's red wagon

Little boy lost red wagon with spots of red paint. It is called "Red". He had a lead on the grounds July 18. Please bring home wagon - carried free. The wagon belongs to Elaine Smith and will give her little child a reward if he can find it.

EDMON AND DISTRICT SWIMMING POOL was officially named Wednesday afternoon by the Hon. Minister of the Interior at a children's luncheon. The pool's name was chosen by a vote of the children and adults seated around the perimeter of the pool. The pool, of course, has been swimming in the pool for about a week while some of the problems were being

Tragic lake accident takes young mother

People of Edmon and district were shocked to learn of the death of Mrs. Marie Lefebvre in a drowning accident in the Edmon Beach on Sunday, July 21. Mrs. Lefebvre was 34 years of age and was alone in the water when she drowned. She was a mother of three children, her youngest son, and Mrs. Lefebvre is survived by her husband and three children.

Mrs. Lefebvre is survived by her husband and three children, her youngest son, and Mrs. Lefebvre is survived by her husband and three children. Funeral services were held from the Christian Reformed Church, Edmon on July 22 with Rev. J. W. Hultmark of the Protestant Church officiating.

Interview was made in Glenwood Country. The tragedy of the water community went to Mr. and Mrs. Threlkeld and family in Edmon.

Monetary donations to the Glenwood Country were received from the following: Mr. and Mrs. L. A. Nelson, Grand Forks, Mr. and Mrs. J. Parkins, Edmon, Mr. and Mrs. R. C. O'Connell, Edmon, and Mr. C. J. Palmer, Grand Forks.

Community McElroy (Edmon) Ltd. were in charge of funeral arrangements.

CASEY SERGEANT RONALD TANTON, 17, of Edmon made a signal by radio during summer training at the Vernon, B.C. Army Tank Training School. Sgt. Tanton is the son of Mr. and Mrs. F. J. Tanton of Edmon and has been a member of the Edmon Cadet Corps for three years.

LOCAL WIFE SAYS

"Never thought we would live to tell the tale"

Mrs. Orla Field spent a week at Rock Lake resort for her husband and three children. She was a mother of three children, her youngest son, and Mrs. Lefebvre is survived by her husband and three children.

Mother and daughter closed the door and looked at the lock. It was a small wonder from her point of view as the door was tight. Their mother and father had been married for 20 years.

They were both in the field, "I was in the field and I was in the field," Mrs. Lefebvre said. "I was in the field and I was in the field."

Al Shaver to be guest Rodeo announcer August 7-8

Popular and talented Al Shaver, one of Canada's best and well known radio and TV personalities, has been signed to be guest announcer for the Edson Rodeo August 7 and 8. Al is better known for his play-by-play broadcast of the Annual Grey Cup Football game and other sports events.

Each day TV viewers listen to Mr. Shaver as he presents his weekly news over TV (CFRN) at Edson. Mr. Shaver will handle the special event portions of the Rodeo program, as well as most of the exciting horse events.

Rodeo Chairman, Red Brundage, announces that the grandstand, stands of seating some 3,000 persons will be completed before Rodeo time. Seats are not reserved, and it is a case of first come, first served sort of thing. Chandeliers, tables and flowers are complete on the grounds at the Rodeo Ranch. Help is still needed from local citizens, and anyone who can spare an evening or two before noon and August 7th are asked to report to the Rodeo horses at the grounds at 7:00 p.m.

Parade Marshall, Fred Brundage, is now preparing the parade route which is expected to include the street march past the hospital for the benefit of the patients, and will conclude in the Glenwood area, which is just a short distance south east of the Rodeo grounds. Several beautiful and worthwhile trophies have been presented for the participants of the parade. A few "Novelty" of Edsonites have donated a large trophy for the best dressed mounted rider in the parade. Many outstanding prizes, awards, cups and trophies have been donated in time for the various events, with complete list to be given each day by the Edson Rodeo Committee. Cash prizes have been presented by the Winkler's of Edson, and the Edson Rodeo and Saddle Shop.

For the ladies barrel race and other exciting events, any lady or business woman, to donate prizes are asked to contact Winkler's for details.

Arrangements are being made to have the Edson Band in attendance providing exciting music during the rodeo for those in attendance. An estimated 4,000 persons is expected to attend the rodeo each day making the Edson event one of the largest in Western Canada. No expense or effort is being spared to provide a festive, gay, and exciting and exciting "red-damp" rodeo for the 1939 year's program.

The first depends upon public support. A ride is a contest and is held in one of the best in Western Canada. The main design provides for all facilities for the betterment of all concerned. All sides of the contest will have equal status, and there is almost a 100% lot of "curry" space. Members will call to the comfort of all.

The Dr. Hugh Harnett, M.D., The Hon. Norman Williams, M.L.A., and the Winkler Mayor W. H. Harnett will officially open the Rodeo grounds at 1:00 p.m. on August 7th. In addition to the spring ceremonies, the grand entrance will be staged, in which mounted riders will ride within the Rodeo arena. Sheriff and The Lady will provide the

term and Modern music, to the delight of the thousands of people, expected to attend.

Many friends of Edson, in charge of arranging the special events, will stand on the Rodeo program. Chandeliers, tables, flowers, and other items will be used on the program which will have appeal for both present and old. Individual display coordinator Bill Harnett reports that many individual displays will be seen at the Rodeo which should be of interest to all.

Special attention is being given to the children's circle, and Arrangements of Edsonites will enter in the circle of the youngsters in this respect.

Building permits over half million mark as July ends

Total building permits have been taken out which make the total value of permits issued by the Town \$688,825 compared to \$473,900 for the same period last year.

One of the projects for this year was the new elementary school at \$125,500 and the proposed new provincial building for the town of Edson. The new provincial building is estimated at \$200,000 in the permit application. The new provincial telephone building, valued at \$121,000, was included in the 1958 permits.

Permits for houses are down this year, being only \$27,000 compared to \$113,520 last year. This reflects the changing situation on the river, which being what it is, makes this figure quite impressive.

One major commercial building, the new H & N Stores shopping centre accounts for \$170,000 of the total for this year. While the building seems to be well on its way, considerably there could be additional permits that would bring the total up to the near million dollar mark that several of the post-war years have witnessed.

Watch Edson grow!

Swim pool attendance nearly 2,000 since project opening

Total attendance for the Edson and District Summer swimming pool up to and including July 29 was 1987. This figure was recorded after only 13 complete days of operation. Of this total 521 were adults.

Total attendance for the week ending Sunday, July 26, was 520. This total did not include an estimated 300 which took advantage of the pool on the official opening day. Of this latter total 250 adults were recorded and 50 children.

Changes in the pool admission prices have been made after a

To vote on artificial ice for curling

A general meeting of the Edson Curling Club is called for Tuesday, August 4, at 8 p.m. in the "Rex" room at the Legion.

At a vote of members it is to be known on the purchase of an artificial ice making plant, it is hoped that a good decision will be reached.

While it is hard to realize that action is needed in the hot July sun, if there is to be artificial ice, the club will have to move now.

Not only local men working

Local rodeo minded men are not the only ones working to make the grounds into shape for next season. These men are working hard to make the grounds into shape for next season.

Local businessmen have provided them with rooms and meals. The three chaps are so impressed with Edson that they would like to make their homes here.

When we started out this week and told our advertisers and your local suppliers that we are thinking of a Rodeo Special we didn't think the response would be so terrific. Last time, we published a 32 page was at Christmas time. Not that we're looking ahead, mind you!

As we worked toward getting this issue to bed and into the hands of our beautiful readers, who we know can't wait until their Leader is in their hands, the enthusiasm of TRO service chairman Fred Bruner for Rodeo Manager Mike Martin and all the rest, is contagious.

By next week our editorial's whole hat is going to be smothered a bit, but then the fun is going to spread too, so we want to be so complete. It seems an ideal way to remind people that Edson's Rodeo is catching on.

Turn inside the following two big sections for all the details.

Council proclaims half holiday for first day of Edson Rodeo

Council declared Friday afternoon, August 7, a half-day holiday to allow business people to finish July 31.

Police applications are to be referred to the Police Chief and the Police Committee with power to act.

The following accounts were passed for payment: The Auditor, \$20.00; W. E. York, \$11.00. Continued on page 12

75 kiddies take free swim lessons

A total of 75 boys and girls took advantage of the free swim lessons during the month of July.

Boys were registered but the holiday interfered with the schedule. Applications are still coming in for the August session.

Next month's classes start August 7 for boys who will last swim every Monday, Wednesday and Friday morning at 10:30 a.m.

Girls classes will begin August 8 on Tuesday, Thursday and Saturday mornings at the same time.

Adult classes are being scheduled for Tuesday and Thursday evenings beginning July 28 at 7 o'clock.

LEACHERS TOO—When a group of boys decide that Edson needs a place to hold a Rodeo—they go ahead and clear a heavily wooded 30 or 40 acres, level it, remove stumps, vines, brush and sticks their collective muscle and for members to build bleachers—all in a matter of weeks—then the rest of the community chipped in.

Lection barbecue at Bromm's farm, Sunday

The Canadian Lection barbecue held on Sunday evening is help itself the Edson Rodeo Fund was entered by approximately 100 people and their guests.

The place for the Bromm's farm is ideal for such an occasion. Our thanks to the Bromm family for their efforts.

The 80 pound market barbecue to perfection under the able direction of Edson, W. E. York and Brock.

Mayor was very appreciative of the drive and put between barbecue house with all the trimmings.

The lectioned children, too, must have been very busy as they were disappointed Mr. Mark York was not last busy reading.

Later the crowd gathered around the bleachers and was much older and new to read a most pleasant day.

Go for Value...
Come on
over to Olds!

Let value be the sole deciding factor—you'll join the big swing to Olds.
Make your own point by point analysis and you'll see why. You see
it is the size, good build of Oldsmobile's big... THAT'S VALUE!
You notice it in Oldsmobile's attention to detail like dash, fit and
appliance... THAT'S VALUE!
You discover it in the extra features that are standard... THAT'S
OLDSMOBILE VALUE!
If you attach special value to performance, Olds makes your decision
even easier.
Only Olds gives you the raring response and rousing economy of
the Turbo engine.
Only Olds gives you the road-like stability and riding comfort of the
Full-Steer chassis!
Finally, there's Oldsmobile's traditionally high return on original in-
vestment to make it clear that there's no better sound buy than Olds
value. See him today... come and see Olds!

EVEN PUMPING WATER IS FUN when everybody pitches in to help at the United Church camp at Superior Lake east of Edson. There have been quite a number of Hinton young people attended

the various camps this year including Terry Hinton, who with sister Judy are about to provide their camp week with a puff of good will water.

Rodeo parade starts 9:30 Friday - - - First Big Day

With experience at the big July First parade only behind him a month, Steve Rodmaki, the parade marshal for the big rodeo parade reports interest in entering is high among business firms and organizations.

The parade is scheduled to form up from the CNE depot on First Avenue, proceeding up Main Street to 4th Avenue and turn left in CNE (leading to a hospital) then south to 4th Avenue.

Continuing along 4th Avenue the parade will pick up the City Band from a vehicle and the parade will proceed to the city square where the entrance will be formed

Jasper preparing for Yellowhead annual caravan

The people of Jasper are preparing a reception for members of the annual Yellowhead Caravan as more information by phone this week.

The caravan will arrive on Sunday, August 23, this year with most of the cars arriving on Saturday as in previous years.

Details of those will be published in our next issue, but one is sure to be in the parade to take part in this annual pilgrimage to the Yellowhead.

Curling Club Vote on Artificial ice

At a general meeting of the Curling Club chaired by President Harry Patrick, held in the Head Room of the Legion Tuesday evening, the approximately twenty members unanimously voted for the executive to interview for making companies with a view of having an ice plant installed by October or the 1st of November at the latest.

The plant will be capable of four sheets but only three will be installed this year in the old building. A 1917 cement floor addition will house the ice making machinery.

While there is not enough money in the club coffers to complete the project, members felt that there was enough in the kitty to make the decision. Public interest has been high and a good response to the fund raising campaign is anticipated.

Hail clears air for two-day Rodeo affair

Everything is bright and sunny the day before the big two days set aside for Edson's second annual rodeo. Friday and Saturday promises to set up some new history for Edson town and district. It could be the speech that puts us in the top publicity row.

Rodeos and stampees have been part of the other towns in this province and the support that has young Edson's second Rodeo affair is something to behold.

A lot of work has been done to get the grounds in shape and a lot of planning, scheduling and arranging has been made to possible.

Details of the program for the two day affair appear on page 10 of this issue. The hopes are high for a successful Rodeo. The Rodeo is scheduled to form up on First Avenue near the CNE Depot at 9:30 Friday morning.

The judging of the parade entries will be followed with opening ceremonies at 1:00 p.m. Friday and other preliminaries than the usual business of the Rodeo will be set around in.

The second day's attractions will be more of the same kind of show that is so popular in the West. Both afternoons will wind up with presentations of comedy and prizes to the winning entries.

Rodeo dance is set for each night on the Regatta Service Station grounds.

The ball team, Sunday, cleared the air—let's hope. Page 11

District old timer passes at Victoria

One of Edson's earliest and most prominent, Mr. William John, a resident of the 70th year, in the house in Victoria, B.C., died on July 28. He was born in England, he came to Canada with the original "Red Lobsters" and lived in a few years at Langford, where he came to Edson in 1919.

A man of many parts, he was trained to build many of Edson and Victoria's early stores and houses, operated several types of retail stores and established and operated the Wilson Funeral Home. Mr. John served his term as a trustee on the school board from 1924 and served on the Town Council from 1926 to 1927.

He was a staunch supporter of the Anglican Church, a charter member of Edson Lodge No. 28 A.F. & A.M.

Survivors: his wife Annie John, a Victoria, his wife Annie John, a daughter, Mrs. J. A. Mary McVicar, of Victoria, and William John of Victoria, now grandchild, Mrs. John McVicar, in England.

Funeral services were held from St. John's Anglican Church on Saturday, August 1 at 2:00. The Rev. Canon George Halden officiated. Interment was made in Harley Memorial Gardens, Victoria.

TWO BULL DOZERS from Dale-McMann Construction work as a team to clear the parking area for the cars that will arrive in the Second Annual Rodeo this week. The two machines, which were later loaded up to two trailers to load the ground, verify the teamwork by a score of two of hard-working, community-minded people who have made the Rodeo grounds available in such a short time.

Last week was not the first Dale-McMann have donated their machines to help with the project and this company is expected that have donated liberally to make the two day affair a success. See your Friday and Saturday, August 7 and 8. The West of Edson Drive in and half a mile North.

NEWSTAND

Using "reverse English" (climber and figure-eight) one starts in a crouch, up with a twist to the new familiar motion for "new drive, reverse drive." The new advertising approach is so logical it's startling. "Try now!" Fly later! We need the money! Fly later! We need the money!

Tipson Touring

By Carol Lane
Women's Travel Authority

Aside from better roads, what would any car have done to make the change from the old to the new?

It is the last 10 years, however, that have been built and many are on the way.

We take it for granted that we can hit the road any time of the day or night, travel in any direction, and know that we can find comfortable, reasonably-priced accommodations on route. It is this freedom of mobility.

Here are some good tips from Carol on selecting a good motel. Make sure it is located in a quiet spot. Try to find one not too far from the highway. Traffic and noise are not desirable.

Check the service, whether breakfast is included or not. If you're not including a set schedule with reservations ahead of time, try to stay fairly late in the afternoon to select accommodations. You'll have a greater choice. And don't hesitate to

"shop around" for a motel. When you're driving, there's the home — another will be along in a few minutes. And remember, you can get better deals as you go along by visiting automobile club offices, local chambers of commerce and service stations.

Thieves spook easy in super market

Thieves who broke in the south window of Best's Super Market on Sunday, August 9, of approximately 1959, were scared from the office when the night constable, Herman Smith of Edson Town Police, heard a noise and investigated.

The thieves headed for the front of the store which was the place from where to head a hot red escape.

Edson couple married in city on Sunday

A wedding of local interest took place in Edmonton on Sunday, July 12, at 2:00 o'clock in the afternoon when Shirley (nee) Beck, daughter of Mr. and Mrs. Chris Beck, of Mosier, Saskatchewan, became the bride of Thomas Barclay Fowler, son of Mr. and Mrs. J. Fowler. The ceremony was performed by Rev. R. H. Young, of the Chapel of St. John's, Catholic Church.

The bride wore a white length gown of silk embroidered with green and white lace. Her only attendant was Mrs. Mary Fowler, of Edson, who wore a gown of light blue and white and carried yellow Rhinoceros.

Mr. Walter Fowler, brother of the groom, was best man. Following the wedding 25 guests attended a buffet luncheon at the Mayfair Hotel in honor of the newly wed couple. Mr. and Mrs. Fowler proposed the toast to the bride, which was duly answered by the groom.

The happy couple had a short honeymoon and have returned to make their home in Edson.

Yellowhead petition and Caravan plans Advancing

...along, is Mr. Eason, a Edmonton who is in charge of the all-over planning of the forthcoming caravan route, about fifty cars carrying four passengers each should arrive in Edson during the noon hour on Saturday, August 22. Several times of arrival and the nature of the local reception will be announced in next week's Leader.

It is hoped that a number of cars from Edson, Jasper and other towns along the route will join the caravan and will start the caravan arriving at Kamloops. It is certain that many more cars will join it there for the trip in Vancouver, should visiting consider going at least as far as Kamloops with the caravan.

The federal government is being petitioned to institute a trans-Canada road-building program. It is felt that such a plan would greatly hasten the building of a second trans-Canada highway through the Yellowhead route. Every citizen of the district should sign one of the petition sheets—to be found in all service stations and some cafes.

Anyone intending to join the caravan in Edson should make his intentions known to Doug Cusack, Lloyd Meade or M. D. Meade.

A delegation headed by the president of the Yellowhead Route Association, Mayor Haworth, of Edmonton, will leave for Ottawa on August 27. They hope to have and carry more than 100,000 signatures on petition sheets from the type before Edson and all along the proposed Yellowhead route. —M.D. Meade

Local bear has chicken supper

Last Saturday morning the Fred family awoke to find 11 chickens dead and partly eaten, with the marks on the windows. Thinking it was their cat until they found large paw tracks on the floor of Mr. Bill Johnson, Mrs. Fred's brother in law, who was visiting at the time.

It was at this time they discovered their dog had been scared off and had gone to Gene Sullivan's, their neighbor.

They didn't know it because of a heavy rain storm. In following the tracks a short distance they found the bear had gone off toward Wall Creek.

Visitors at the home at the time were Mr. and Mrs. Bill Johnson and Betty and Mr. and Mrs. Harold Bishop and Dugan all of Edson.

Bingo fans to split \$400 in 'Mystery' prizes

Bingo fans will have a good opportunity on Saturday, August 13 to play their favorite game in Edson for a fine laid purpose: (1) To assist with the Local Legion children's annual picnic; (2) To win some larger than usual prizes.

Prizes of \$200.00 are being awarded during the evening, and a pleasant time is assured to all who attend at the Legion Hall in Edson.

This replaces the Legion's Anniversary night bingo for this week only. Next week the Legion will have its regular Saturday night bingo.

Elected to high OORP office

Readell Murray Vitamin 'A'

Early cures troubled by night blindness were told through the use of these drops in honey. It worked. These children (from above) have been eating fish liver tablets and honey. The prevention worked through to one healthy baby.

In 1912 this vitamin was isolated and was given the "A" to indicate that it was the first to be named. Vitamin A is easily destroyed by air or light unless in a stable form such as vitamin tablets or other preparations by ethical drug houses. Adults and especially children should receive Vitamin A every day.

Favors GP Pulp Mill says forest minister

Edmonton — Forestry Lands and Forests Minister Norman McEwen said today the department "favored" the pulp mill plan of the Western Forestry Pulp Company to work lumber rights on a vast tract of forest area south of the city of Edmonton.

"We have had some discussions with the company," he said, "and we will be prepared to enter into negotiations with them when they are ready."

McEwen said the company was still in the preliminary stages of planning and organization but had not been completed.

The new company, formed by McEwen, said the Western Forestry Pulp Company was an undertaking.

The minister said the company would do everything possible to expedite the plan, but he said he was in doubt as to whether the plan was a "start."

He said it would probably take a long way to complete surveys of the forest area and consideration and other preliminary work.

In making the plan, he said, he believed the Government's plan might be approved by the House of Commons.

At the same time, he said, he was in doubt as to whether the plan was a "start."

C. Gallagher leads MacKay to second NWBL championship

The MacKay-Brown captured the North Western Baseball League championship on Sunday, August 27, when they defeated the Edmonton Athletics 3-2 in the final game of the series.

MacKay, who was the MVP of the series, led his team to victory with a strong pitching performance. He pitched a complete game, allowing only two runs, two hits, and one error.

Edson Grade 12 results surpass provincial averages

The analysis of this year's grade 12 results on the June departmental exams given by Principal M. D. Meade indicate that a considerable extent these exceed the noted averages for the province as a whole. For reasons of professional ethics, subjects are given by number only.

It will be noted, however, that all subjects were satisfactory or better. Also to be noted is the fact that the inclusion of "Roposa" increased the high school diploma pass very slightly, while those marks reduced the matriculation pass by an equal amount.

Supplemental examinations are currently being written by some pupils in an attempt to raise their marks in individual subjects or their average for university entrance.

The summary of grade 12 departmental results has not yet been received by the principals.

Hinton soccer team take Edson team

By TOM MILLER

Following through a scrappy but uneventful game, the Hinton soccer team, who were highly regarded, took a 2-0 victory last Sunday afternoon, August 21, at Hinton.

Edson, playing its first game of the season, had been getting some first hand knowledge of Hinton's strength when it was defeated 2-0 in a friendly game on July 15. The Hinton team, who were highly regarded, took a 2-0 victory last Sunday afternoon, August 21, at Hinton.

The most spectacular moment of the game was the brilliant goalkeeping of Hinton's goalkeeper, who was highly regarded, took a 2-0 victory last Sunday afternoon, August 21, at Hinton.

There's a depression on, Dad!

Once upon a time an old man lived by the side of the road... and sold his dogs. He was hard of hearing, so he had no radio. He had trouble with his eyes, so he had no newspaper. He put up a sign on the highway, telling how good they were. He lived by the side of the road, and cried, "Buy a hot dog, Mister, and people bought."

He increased his meat and bun orders, and he bought a bigger stove to bake dogs of his trade.

He got his son home from college to help him. But then something happened. His son said, "Father, haven't you been listening to the radio? There's a big depression on, the international situation is terrible, and the domestic situation is even worse."

Whereupon, the father thought, "Well, my son has been to college, he knows the radio and reads the papers, so he ought to know."

So the father set down on his bare knees, took down his advertising signs, and no longer bothered to stand on the highway to sell hot dogs.

His hot dog sales fell almost overnight.

"You were right, son," the father told the boy, "we are certainly in the middle of a great depression."

YELLOWHEAD OVERLANDERS LINE UP along to go through the lunch room at Diamond Drive in to pick up their red pipe lunchmen provided by the Edson Board of Trade in this. Edson is right behind the Yellowhead Caravan and all it stands for. The caravan, started by the absence of Edson's hospitality during their first long break Saturday noon. The caravan went to reception of Yellowhead and Junior where they joined up with a 20 car caravan which had taken ten hours to come down over the Brenner road south from Grande Prairie to Edson.

Bigger than ever crowd enjoys annual Legion picnic

The 12th annual Legion picnic and picnic held at the Bay Brown farm on Monday August 25 proved to be very enjoyable for all, despite a few heavy showers at the beginning. The did not dampen the spirits of the young or fry. They could be seen, as they came from the sun, but, due to the other, having in a car or whatever shelter they could find.

The men finally broke through and even went off as scheduled. Public fishing, refreshments for the young and older after the luncheon as well as the participants, who received

the cream course (Duke eggs were cooked when the cream ran out) were distributed during the afternoon.

Legion ladies in one hour served four hundred of coffee and gave out sandwiches to the ad-

A lunch raffish during the afternoon was won by M. Hays, of Edson.

It was a very enjoyable day for the large crowd in attendance. Children went home happy and the hard working Legion crew got a social evening later in the Legion.

The Legion Picnic Committee chaired by Legins, June. One of those who helped in any way to those who are doing much, was Mr. and Mrs. Ben Brown for the use of their land and to Mr. George Shand for the use of his school lot.

School to re-open Tuesday September 1 for all pupils

Those children who live in Edson, EAST of Main Street, will be attending school at the new school of Miss Street Smith, and those who live on the West, will be attending school at the new school of Miss Street Smith, and those who live on the West, will be attending school at the new school of Miss Street Smith.

After registering at the school on September 1, the pupils will be attending school as temporary quarters, for a short period until the new school is finished.

Town Council sign agreement for home for aged in Edson

The agreement with the Provincial Government under which a home for the aged will be built in Edson was signed by the Edson Council at their regular meeting on Tuesday, August 19. Under the agreement the Provincial Government is to pay all capital expenditure for the building and furnishings. It is hoped that tenders will be called some time next month.

A committee of the participating municipalities is to form a board for the operation of the home. From what estimates there are it is expected 60 per cent, or slightly better, occupancy will reduce the paying of the overhead of the project. Any deficit will have to be made up by the participating municipalities. The work of the board will be to make, paying off of the capital investment, which is a gift from the province.

BOTH MAJOR CITY BOAT CLUBS will be participating in the Regatta being sponsored by the Edson Legion of Boat Lovers on Monday, Sept. 7. Some of the fastest boats in Western Canada will be among the hulls competing with over 25 others. A feature of the day will be free boat rides for

the children made possible by 2000 Pipers of St. Oil, and silly Paul Gosselin of Tuxedo. Local boat owners will supply the boats. If the weather stays mild it is hoped to have a crowd like there was two years ago when a very enjoyable day was had.

Saturday receipts taken from Super Market safe

Some time before midnight Sunday, a thief entered Bud's Super Market and made off with the proceeds from the busy Saturday crowd. The cash, cheques and till tapes were locked in the wall safe of the store, next to the front window.

Just inside the window and door. If persons who cashed cheques at Bud's on Saturday would drop in and tell Mr. Brownell the particulars about their accounts, they would be greatly appreciated. They payments could then be put through their cheques at bank.

The Saturday proceeds of H. & N. Brown Ltd. locked in the safe in the store building were not disturbed.

Charles W. Smith of the Edson Town Police who was making a patrol in the area just before midnight Sunday, became suspicious of a strange noise and called Bud Brownell to his store. There was no particular indication that the thief or thieves had made a forced entry, except that the window in the storehouse office was open.

A steel bar was not used from over the window. While the safe contents were counted, it is still a heavy loss. A \$100 reward has been offered to anyone giving information leading to the recovery of at least the contents and till tapes.

Guesses who 'Merry' was

She was (Mrs. Merry was a friend who was expected in that house and Mary Leonard and who was expected to be directly in the line. However the Leonard's decided to let it go and let the only way they could think of to let Mr. Merry know. They thought Mr. Leonard had the back of the door for the door.

Mr. Longman gets a Leader for you for his last being seen.

Edson, Alberta, Thursday, September 3, 1959

No gas rate increase for Edson users of natural gas

There will be no natural gas rate increase for Edson users. The Town Council was informed last week. Northwestern Utilities, Limited, have not applied for a rate increase for local users.

The company is presently applying to the Board of Public Utilities Commissioners for permission to raise rates in other Alberta communities, including the city of Edmonton.

When the gas came to Edson several years ago this town had more service hooked up the first year — 475 to be exact — than any other Alberta town including Red Deer, which only had about 150 the first year they had gas.

The 60 cent rate struck for Edson users has been justified in the company's opinion by the size of the load. Edson is the only rate area in the whole system for which an increase is not being asked.

The gas company will be changing their billing basis, however. They propose to start "thermal billing" which takes into account the B.T.U. value of the gas being piped to Edson consumers. This may mean a 50% higher bill for the average consumer as the company is now using a higher heating value fuel.

The changes have to get the approval of the Board of Public Utilities Commissioners.

Comparing air gas rate with other centres shows that Hinton is at the high end of the rate area.

Three Council vacancies for October 14 election

The annual municipal elections will see candidates competing for three seats that will be vacant at election day Wednesday, October 14.

The terms of Councillor W. J. Thomson and W. MacDonald will expire on the 14th of the month. The seat of Councillor G. H. Taylor has been vacated for a long year term as well. Mr. Taylor has been transferred to Edmonton by the CNE.

How matters must be in the town of Edson. Councillor R. C. G. of the Town Office by W. G. Taylor, Sept. 23. The newly elected council will meet on the 14th of the month. The seat of Councillor G. H. Taylor has been vacated for a long year term as well. Mr. Taylor has been transferred to Edmonton by the CNE.

This is the second year since the election date have been changed to the 14th instead of the early part of the year, as it has been in the past.

GENERAL SERVICES were held August 19 for Mr. C. E. Brown, 75, an early Edson electrician. Mr. Brown is pictured with one of his grandchildren in a family picture.

THE MODERN DESIGN OF THE NEW Edson elementary school can be seen from this construction stage picture at Hartgate Construction, the general contractor, pushed the 12 room school on 10th Avenue West to completion. The school will accommodate pupils who

live on the West side of Main Street and those who live on the Park Drive, Grande Prairie Trail and East Branch areas as well as all the Glenwood children.

Council authorize water and sewer for aged home

Water and sewer extensions were authorized to the proposed home for the aged on 7th Avenue East at the regular meeting of the Council on Tuesday, Sept. 6.

The work is to start immediately before the cold weather sets in. Council has already signed the tender with the province and it is expected that tenders will be called shortly for the new building. It is hoped that it will be a "winter work" project to help the seasonal build-up in Edson.

Council has also started negotiations with the CNE to acquire Block 2 north of the railway between 24th and 26th Avenues, 4th Avenue. This is the block in which the north part of the water from the CNE dam is held. With this, more control over the water level in the west side of town could be exercised.

Minutes of Meeting of the Edson Town Council held in the City Building, Edson on Tuesday September 6, 1960 at 8:00 p.m.

Present were Mayor W. H. Kentman, Councillors W. E. Macdonald, J. A. Mahan, M. D. Macdonald and P. W. Wills.

Mr. Martin Dwyer addressed Council with regard to location of building for the aged and was directed to keep in touch with Secretary.

Council approved of location of building permits to move and in process house and garage, Lot 1, Block 13.

Approved at Council was granted for building permit to Fred Cheryl to place bridge on Lot 1, Block 13.

It was moved that approval of Council be granted to insurance building permit No. 288 to E. H. Black 132, Flax Street.

Approved at Council was granted for building permit to Mrs. L. Mahan to place garage on Lot 1, Block 13, Flax Street.

Mayor and Secretary were authorized to make transfer of title to Lot 13, Block 13 to Robert A. Mahan on condition of home.

Council granted its approval to transfer of fraction part of W. W. 21-65-71-6 as set out by Director Town and Rural Planning.

The resignation of Gilbert T. Twilley as Councillor was accepted and the vacancy was directed to indicate Council's great regret at the loss of an able Councillor.

The balance of the School District 13 was referred to the committee in the sum of \$47,725.00 was referred paid.

The following amounts were there passed for payment: That \$4,000.00 be paid to the City of Hinton.

Kinamen swim in the cold

According to the Kinamen committee, some 25 men and women swam in the cold water of the lake near the town of Edson, Alberta, on Tuesday night.

The committee, which was organized by the Rev. O. R. Hurd, has been working to raise money for the construction of a new swimming pool in the town.

The committee has been successful in raising a considerable sum of money, and it is hoped that the pool will be completed in the near future.

Rodeo committee report shows impressive progress for year

The financial report on the Tri-Service Rodeo committee shows an impressive progress for the first year on their own grounds. While technically showing a thousand dollar deficit, the committee is well satisfied with the several thousands of dollars in capital improvements built up in a matter of weeks of rapid shelling.

The nine-member Tri-Service Rodeo committee is composed of three members from the Optimists, Lions and Kiwanis service clubs in Edson and was formally chartered this year by Rev. Hurd.

The improvements consisted of various stands, barbers, fencing, etc., as well as a covered parking area. The committee has also secured a number of new year lease agreements with W. H. Hurd and is in the process of building a new rodeo arena.

The feeling of the committee is now that the purchase of the land and the improvements are underway and the committee is well satisfied with the progress made in the first year.

Figures for the two day event this summer show that an average amount of money was handled.

	Debit	Credit
Prizes	\$1143.00	\$1200.00
Wages	\$217.00

F.U.A. finalize fair plans

A very interesting and enlightening address was given by Mr. R. C. Hurd at a recent F.U.A. meeting in the town of Edson. Mr. Hurd outlined the progress for the fair and the plans for the future.

He stated that the fair is well on its way and that the committee is well satisfied with the progress made in the first year. He also outlined the plans for the future, including the construction of a new fairground and the improvement of the existing facilities.

Mr. Hurd also mentioned the importance of the fair to the community and the need for continued support from the public. He concluded by stating that the committee is well satisfied with the progress made in the first year and is looking forward to a successful second year.

Rash of burglaries plague local Town police force

During the last few weeks, a rash of burglaries has plagued the local police force in Edson, Alberta. The police are well aware of the situation and are working to catch the culprits.

The burglaries have been reported in various parts of the town, including the downtown area and the residential areas. The police are well aware of the situation and are working to catch the culprits.

EDITORIAL

NEW BLOOD NEEDED IN OUR COUNCIL?

The morning of September 23 is an important day for Edson citizens. It is the only day in the year on which we as citizens can do anything about who decides how our town is going to be run. It is nomination day for three council vacancies. One seat for one year, because of Councilor D. H. Tucker's transfer. Two seats for three years on the normal expiry of the terms of Councilors W. Macdonald and W. P. Kordama.

We have been hearing that several citizens are interested in running this year. We hope this is true. We hope there are enough to make a good election. What we mean by a good election is a campaign by all the interested candidates. Statements of what they will do if elected. What they think is wrong with our town, if anything. Where we are going. And our policy as Edsonians as to how we are going to get there.

This editor probably attends more meetings than any other non-councillor in town. Meeting after meeting we have sat in the public chairs all day long. We don't think there is a councillor, present or past, who wouldn't like to see more interest and discussion in the problems that confront our town.

Edson and district faces a lot of unexpected problems. This is in spite of temporary cuts in our rail terminals, the closing of the last mine on the Coal Branch. Where is it going to come from? Without too much fanfare a five million dollar gas scrubbing plant has been built just 15 miles north of us at Winfall. There are dozens of other gas discoveries that are going to require similar plants, both north of us, and south of us. Not to mention what will be needed for the Develand River gas well.

CNR soon to inaugurate new radio communications system

An extensive radio communication system to increase the efficiency of train operations is being inaugurated by Canadian National Railways this fall on the Denver, train in the mountain area. This is the replacement of a full portable tower erected for a few hours at various CNR lines recently.

The system will be in operation from Edmonton to Vancouver and Prince George, B.C.

Two money crews are in the area selecting sites for the towers. The towers will provide the most reliable radio communication for the Denver and train.

The system comprises two main radio communication between the engine and train crew, mobile units for conductors between work cars on the track and engine, and between track maintenance and train crew.

At each separate station will be installed a portable train communication unit and train crew will have a mobile unit with them.

The radio system supplements the present long telephone communication system between the conductors and operators. With the

near the 5,000 mark now. There are a number of shrewd businessmen who are betting that we will have a population of 10,000 in the next five years, and very likely 20,000 in the next ten. We finished our year for the last eight years. Once a town gets by the 20,000 mark natural increase alone seems to add ten per cent a year.

Much as we regret the closing of the Mercantile office, Edson has gained by having dozens of families move down to live here. They are the kind of people we want to come. Many of them do not know where they are going to go when they arrive here. But, like the families who moved here from Mountain Park, Cadomin, Lacombe and Fort-Hardy, they are only here a few days or weeks and they wonder what they have done here. More people here means for more jobs locally. Something along the lines of Parkhurst's law as it applies to government jobs. Edson, being the geographical center of West Central Alberta, gets in as the best position to benefit from new residents.

Edson town is in good financial condition and our taxes are lower than most Alberta towns our size. We have made a good start on decent sewerage and electric. We have a town hall, public works department, a fire department, a considerably larger population. We can offer utilities and locations to industry that we have a larger industrial type factory than other towns.

Which way Edson goes in the next few years is going to depend, in a large measure, on the aggressiveness of the men who are willing to undertake civic responsibility.

It only takes two newspapers to file nomination papers on behalf of their ideas of good councillor material. Yes—September 23 CAN be an important day!

life is fun

"Dear," said the wife, "I thought the other day."

"Yes," said the husband, "and it looks very good to me."

"So Mrs. Brown must have thought you just like it today."

"I suppose that means I'll have to buy you another."

"Well," said the wife, "I would be much obliged to you."

The subscribers reported that the book, in the opinion of the editor, is the best of the kind, and does so in the most complete manner.

Radio has been used in CNU for some time. It is a very effective means of communication for the radio and the telephone.

The first radio communication system was installed in the mountain area in 1933. Since then extensive work has been done to improve the system and to provide more reliable communication.

Orders for the radio units have been placed by the CNR with the Canadian Radio and Telecommunications Commission.

The radio system supplements the present long telephone communication system between the conductors and operators. With the

The Edson Leader

The Voice of Edson Constituency

Vol. 7 Edson, Alberta, Thursday September 15, 1949 No. 36

ANDY SHAND PRESENTS Melchior Medal Trophy won by Hiram McRae of the Mackay baseball team to the happy manager of the Edson team.

Mountain Park area second in coking coal for steel

Western Canada and provinces can boast all the requirements of the iron and steel industry. The Alberta Research Council, in its latest report, has found that the Mountain Park area is second in coking coal for steel.

The Mountain Park area is second in coking coal for steel. The area is located in the north-western part of the province. It is a large area of land, and it is rich in coal. The coal is of a high quality, and it is suitable for use in the steel industry.

B of T to sponsor forum for Edson Council candidate

In view of the number of candidates there will likely be when nomination day comes and goes, Edson Board of Trade executive decided Monday evening to sponsor a political forum early in October.

Purpose of the forum will be to let the public become acquainted with the several candidates and to give the aspiring councillors a chance to present their ideas on Town administration.

This is a practice that the Board of Trade have followed previously when vacancies on the Council have been contested by more than one candidate.

Nomination day for the three Council vacancies is still September 22. Returning Officer H. C. Gregg will receive nominations from 11 a.m. to 12 noon. It only takes two ratifiers to sign a nomination paper.

In addition to the two regular Council seats held by Councillors W. F. Kortman and W. MacDonald which are for three years (two seats become vacant each year for a six man Council), there is the seat held by Councillor G. H. Tucker which has one year to go. The seat held by Trustee J. H. Haines on the Local School Board is also open this year.

Interest in building and it is expected that there will be in the neighborhood of six or seven citizens allowing their names to stand for civic office. The majority of the Edsonites talked to by this paper have expressed satisfaction that there should be such interest by so many potential councillors.

Close to 300 high school students gathered in the auditorium on Wednesday afternoon to witness the presentation of scholarships and prizes to winners of awards for the school year 1968-69. Parents of the winners were guests for the evening. In his opening remarks, Principal M. D. Meade thanked the donors for making these awards possible.

Mr. Lloyd Mahon, manager of the J. C. Penney department store, presented a check of \$250 to the Lyle H. Mahon Scholarship Fund. The fund was first held over by the school in 1954 and has since then been used to award scholarships to students for the highest standing in the senior class. The \$250 was presented by Mr. W. H. Gory, manager of the J. C. Penney store in Davisburg.

Over at Bud's Supermarket, the manager, Mr. J. W. Brumfield, presented a check of \$250 to the J. W. Brumfield Scholarship Fund. The fund was first held over by the school in 1954 and has since then been used to award scholarships to students for the highest standing in the senior class. The \$250 was presented by Mr. W. H. Gory, manager of the J. C. Penney store in Davisburg.

Next was the presentation of the J. C. Penney Scholarship. The fund was first held over by the school in 1954 and has since then been used to award scholarships to students for the highest standing in the senior class. The \$250 was presented by Mr. W. H. Gory, manager of the J. C. Penney store in Davisburg.

Finally, the J. W. Brumfield Scholarship was presented. The fund was first held over by the school in 1954 and has since then been used to award scholarships to students for the highest standing in the senior class. The \$250 was presented by Mr. W. H. Gory, manager of the J. C. Penney store in Davisburg.

An Edison man appeared before the Industrial Union of Marine and Shipbuilding Workers of America on November 16, 1956 and pleaded guilty to having made out false statements to the Unemployment Insurance Commission during April and May of this year.

He was fined a total of \$50.00 plus court costs or in default of payment 120 days in jail.

The court was told that the man declared that he was not carrying on any occupation or business while claiming Unemployment Insurance while in jail. He was the co-operator of a service station and cafe during this time.

William MacDONALD, retired railway engineer, by Geo. Harrison and A. Goldstein.

To fill the one vacancy on the Local School Board John PATTINSON, was re-elected by acclamation to act as trustee on the five man Board. He has held the post for a number of years. Other members of the local Board are: G. V. Harrison, D. M. Caston, J. T. McNamara and J. Griffiths. Mr. Pattinson, insurance agent, was nominated by D. M. Caston and Donald Buck.

Other members of the Edison Town Council are Mayor W. H. Kankewitt, and Councillors L. A. Mahon, M. D. Meade and P. W. Wells.

Of the seven contestants for the three seats, two, Coun-
cillors MacDonald and Kortzman, are members of the present
Council, while Mr. Burleigh is a former mayor and council-
lor. Messrs Brunelle, Hook and Jacobs are offering their
services in the municipal field for the first time.

To hear the views of the various candidates, the Board of Trade is sponsoring a Town Hall type of political forum. A tentative date has been set for Monday evening, October 5, in the Legion Memorial Hall.

The voting for the new councillors will be held on Wednesday, October 14, and the newly elected councillors will be sworn in at the meeting of the Council set by the Towns and Villages Act for the first Monday after the election which is October 26.

There are a total of 1419 eligible voters, of this number 892 are burgesses (property owners). Of this latter figure 62 are in the institution or corporation class; 146 are non-resident property owners and 774 are resident property owners. There are also 537 non-property owners who are Canadian citizens or British subjects over 21 years of age who are also qualified to vote. The non-property owner must also have lived in town for a period of six months immediately preceding the first day of May of this year.

Hawkers and Pedlars

A kind of running battle is in progress between the provincial government and the Town of LaSalle over the latter's application for a liquor license fees. Council recently raised the 'sale' from \$20 to \$100, and the 'use' from \$10 to \$100. The town's argument is that the sale of \$100 should be sufficient for a police inspection to see if he wants in for only a day or two, but Council's view is that the town should be able to use the money for other purposes in the community and that the town's argument is not legitimate. The town's argument is that the town should be able to use the money for other purposes in the community and that the town's argument is not legitimate. Board of Trade sponsoring Seven still Town Forum for Councillors in town council running

A Town Forum to hear the views of the various candidates for the three vacant Edson Council seats is being sponsored by Edson Board of Trade for Wednesday evening, Oct. 7 at 8 p.m. in the Legion Memorial Center. It is hoped all seven candidates in the running will be able to attend.

Following the custom of previous years when a bye election is in the offing, the Board is acting in a non-partisan capacity in the interests of getting Town problems thoroughly discussed.

Each candidate will be allowed up to ten minutes to give his point of view. The talks by the candidates will be followed by a question period. Frederick Doug Cusson of the Edson Board of Trade will act as chairman of the meeting.

All citizens are urged to attend. Meet the candidates and then get out and vote!

Brothers meet after 58 years

Mr. D. H. Osborne, 81, and his brother Bill, 78, were united on Tuesday for the first time in 58 years. Mr. D. H. Osborne lives west of Edson with his son and daughter-in-law Mr. and Mrs. David Osborne.

Mr. Bill Osborne is from Timmins, Ontario, and expects to stay a week or two visiting nights and

visiting with the family here. The long-lost brothers have a sister, Mrs. Nellie McQuinn at Orono, Sask., who is 94 this year.

Mr. Bill Osborne has just been visiting her on his Western trip. He is a retired employee of Atlantic Pulp and Paper Co., in Ontario and expressed interest in our pulp operations at Edson.

Seven candidates for three Council vacancies are still in the race and although we have only been able to get pictures of four of them. The seven candidates who have offered themselves for public services are to speak at a Town Forum next Wednesday.

The seven are:
Wallace Robert "Bud" BRUNELLE
Harry Simon BURLISON
Paul J. JACOBS
Walter P. KORTZMAN
William MACDONALD
William JOHN OWEN

The election is on Wednesday Oct. 14 in the new city building. Two of the seats are for three years and one for one year.

Property owners, managers of corporations and residents of Edson six months prior to May next vote. The latter must be Canadian citizens or British subjects.

Trying to start Guides

A movement has started in Edson to reorganize the Girl Guides and the Brownies. Girls from 12 to 18 years of age may become Girl Guides and those from 7 to 12 years may remain in the Brownies. Any interested girl wishing to become a Guide or Brownie please phone Mrs. V. Whalen, P.O. Box 2847.

Bill Owen Councillor Candidate

Seven council candidates said a Leader headline last week. When we proceeded to list only six the candidates we missed was William John Owen, local garage proprietor, who is running for Council for the first time.

We had no intention of leaving Mr. Owen's name off and he has previously accepted our invitation. He humbly suggests that perhaps the news publicity may point up to Edson voters the qualities Mr. Owen could bring to civic office.

TENDERS FOR THE HOME FOR THE AGED AT EDSON are being called for October 15 according to advertisement being run in this issue of The Leader. Tenders are to be in the form of General Contractor, Mechanical and Electrical. The home is to be built between 7th Avenue and 8th Avenue East just north and east of the swimming pool. The store on the west side will house laundry and bath and

intendable bathroom possibilities. While the artist's sketch doesn't say it, when shown, we understand there were to be more or less individual rooms for the couples and from the living accommodation will be devoted to a common dining room and gathering room.

Announcing the new
**CANADA
SAVINGS
BONDS**

Better than ever!

CASHABLE ANYTIME AT FULL FACE VALUE PLUS EARNED INTEREST: Canada Savings Bonds are both a most convenient method of saving and a safe investment with many unusual advantages. If the need should arise, they can be cashed at any time, at full face value plus earned interest. They're like dollars with coupons attached.

HIGHER RETURNS THAN EVER BEFORE: Interest first year 4%, second year 4.5%, third year 4.5%, and six years 5% plus bonus of 2% at final maturity. Average interest yield if held to maturity is 4.88% per year.

AVAILABLE IN 5 DENOMINATIONS: Coupon Bonds are available in denominations of \$50, \$100, \$200, \$1,000 and \$5,000. In fully registered form, \$500, \$1,000 and \$5,000.

NEW LIMIT—\$25,000 PER PERSON ON ESTATE OF A DECEASED PERSON: The limit to holdings of this new issue that may be registered in the name of any one individual, or in the name of an estate of a deceased person, is \$25,000. Each member of a family may buy up to this amount.

AVAILABLE FOR CASH AND ON EASY INSTALLMENTS: On the Monthly Savings Plan, you make a down payment of 5% and pay off the balance in convenient installments. On the Payroll Savings Plan, you purchase your bonds by regular deductions from your pay.

ORDER YOURS THROUGH THE PAYROLL SAVINGS PLAN WHERE YOU WORK, OR THROUGH YOUR BANK, INVESTMENT DEALER, STOCK BROKER, TRUST OR LOAN COMPANY.

Edson Optimist club elects new President

Mr. Art Krassman was elected president of the Optimist Club of Edson at the dinner meeting of the club held in the Commodore Hotel Banquet Room on Monday, October 5. Mr. Krassman assumes the presidency of the Optimist Club from Bill Brown who is leaving Edson to assume new duties in Edmonton.

New Optimist president Art Krassman first came to Canada in 1944 as a member of the Royal Australian Air Force, where he received flight instruction under the Commonwealth Training Plan. Following the war, he returned to Australia, but was not able to visit the home of Western Canada and returned here after three years.

Mr. Krassman, Assistant Mayor of the City of Edson, was introduced by the Edson School Division, which is Edson in 1958. Art's interest in youth work and all youth activities across the Optimist Club of Edson is a complete year under his able leadership.

Other voting new Optimist Art has elected as vice president. Also has been an active supporter of the boys' work, as stated in the invitation of the boys' radio club.

Mr. & Mrs. Oulpe enjoy reunions

Mr. and Mrs. Clarence Oulpe of Pelly recently returned from a two and a half month stay in the United States where they visited their daughter and family in New York City and family in Blue Island, Illinois.

In addition to Mrs. Heidi, Mr. Oulpe has a sister, Mrs. J. C. August, who lives in Chicago. They also enjoyed an old acquaintance with Mr. and Mrs. Fred Charlton of Montreal, Indiana, who were former Canadian neighbors of their many years ago.

The highlight of their visit was a movie trip on the beautiful "Honeydew" Paraville to New Jersey where Mrs. Oulpe has five brothers, Phil, Joseph, Lawrence and Richard Stupp, all residing in or near Camden, New Jersey, whom she had not seen in several years.

The Oulpe's will long remember their last summer trip to the United States.

Baden Boyds leaving for Lethbridge

Baden Boyds will next week to assume the position of supervisor of the welfare office at Lethbridge according to word he received this time. He will be replaced here by C. H. Taylor who has been with the welfare department at Red Deer.

Mr. Boyd and the children will not be moving right away, but will wait until they have secured a new home for the children or the children.

"We have heard every minute of our all ten years since I came here," says Baden. "The only reason we appreciate having it that it is after all a promise."

Work Rarely Kills

Every once in a while, we hear somebody "worked himself to death." As a matter of fact, few, if any, individuals have ever worked themselves to death. People are physically tired out by exertion or overwork, but they are not dead. In fact, they are still alive. An example in point is the case of the little boy, too tired to see another day, but not too tired to play a game of football.

Home & School

A meeting of the Program Committee of the Home and School Association was held last week. It was agreed that a meeting to present a public relations program to be held in the near future. The committee therefore decided to have a panel discussion on recreation at the next general meeting of the Home and School Association on Oct. 28th.

The spirit and fourth project were out and then it was decided we could get along with the present sewer disposal plant.

Pointing out the problems of raising money Mr. Kankiewicz said the money was getting more and more scarce. He stated that the money must be put in the hands of the people.

Mr. Kankiewicz said that the law was passed of Council in the past and that the present law was not working.

Mr. C. H. Hahn asked what the Council was doing to help the people in the street.

Mr. Kankiewicz said that a survey would be made for the period of 25 years.

TOWN AFFAIRS GET GOOD AIRING

Nothing but good can come from a meeting of 40 or so citizens of a town getting together and discussing the problems that confront them. While it was our privilege to chair the meeting and we could be considered to be prejudiced, we thought it was a darn good meeting.

The seven candidates all acquitted themselves well, whether they were long-time municipal politicians, or just getting their first taste of local affairs on the public platform. Their nominees could not have helped but be proud of them.

If there was a rumour of a split from the Council it was that I will be right for the Council to go to the aid of the town. A worthy one. There seemed to be real reason that Edson should be ready for any future developments. It will be any other industry ever fit to bring to our doors.

One of the things that struck us was the reference several times to Edson and the debt of \$600,000. It was not mentioned that what appears to be a tremendous debt is backed by a municipal assessment of eleven million dollars and not over three million assessments. Comparisons are made to be colourless, but Edson's problems are different than ours. They have things it took us 40 years to get, but our neighbouring towns

do have the problem of extending their sewer and water lines just as we do.

Top priority, it seemed to be agreed by the meeting, should be given to securing an adequate supply of water for Edson. It is interesting to note that the last meeting of the Alberta Farmers Council and the town of Edson was to look over our water problems.

One citizen had forgotten his civic duty as a town councillor and wanted to know why we couldn't have him or more nominees. We presume he meant all the nominated candidates were of high calibre and should be, out on the council.

It was not as easy as all that. The citizens of our town who are energetic enough to get out to the polls are going to have to pick three out of the seven. This is the price of democracy at all levels. Do the citizens want more of the same, or, as some of the nominees suggested, is it time we get some new blood on the council? The citizens who mark their X's are going to decide that.

The time 10 a.m. to 7 p.m. in the Edson Civic Building on Wednesday, Oct. 14. There's also an advance poll Thursday and Friday of the week from 9 to 5 p.m.

Town planners too tough?

By KEN HATLEN

EDMONTON — There were rumouring about Albert's plans to build a new town. The town planners that they may find things together from now on, and a large segment of the population will claim it's their own.

Ever since then planning has been a full-time job in Alberta in the wake of the province's post-war growth. Now a month has gone by without a large display of one kind or another involving land use or later development.

Life is fun

An old friend called on his 40th birthday. He said he was going to have a party. He said he was going to have a party. He said he was going to have a party.

Keep your nose to the ground. The town planners are going to have a party. The town planners are going to have a party. The town planners are going to have a party.

For the most part, Alberta's town planning is a mess. The town planners are going to have a party. The town planners are going to have a party. The town planners are going to have a party.

Bargains can be costly

It is not unusual to find bargains in the market. But it is not unusual to find bargains in the market. But it is not unusual to find bargains in the market.

The pursuit of happiness is a goal that many people strive for. But it is not unusual to find bargains in the market.

It was the belief of an ancient poet known as the Utilitarians that the ultimate goal of life is to be happy.

By the Utilitarians of the 19th century, the goal of life was to be happy. But it is not unusual to find bargains in the market.

The Edison Leader

The Voice of Edison Community

Vol. 7 Edmonton, Alberta, Thursday, October 15, 1956 No. 60

CAUGHT BY LAURA MANOY'S CAMERA are members of the Saturday club at the Edison Craft Centre. Left to right Mrs. H. Rycheman, Shirley Leach, Mrs. L. Robinson and Mrs. A. C. Cunningham.

Council discuss crush gravel as winter works program

Possibility of having the projected crushed gravel program for town streets undertaken on a winter works basis was discussed by Edison Council at their meeting Tuesday, Oct. 6.

It was also decided to call for tenders on the cost of using gravel on the streets of the town. The cost was estimated at \$1000 per ton. The council also discussed the possibility of having the program undertaken on a winter works basis. A discussion on the feasibility of having the program undertaken on a winter works basis was also held. The council also discussed the possibility of having the program undertaken on a winter works basis.

Caravan postponed

Three people intending to accompany the caravan to Grand Prairie have been asked to not show up. The caravan was scheduled for October 17 and 18 but has been postponed due to the snow and cold weather. It is still planned for this fall, probably in a couple of weeks when the snow has gone and the roads will have frozen.

Walter Kortzman tops council poll in Wednesday vote

Councillor Walter F. Kortzman was returned to his seat on the Council in the election which took place for three seats Wednesday. Mr. Kortzman received 377 votes.

Running for the first time, Ed Brunelle, came a close second in the voters' estimation with 311 votes. Mr. Brunelle and Mr. MacDonald will serve three year terms.

Councillor Wm MacDonald retained his seat on the Council, polling 271 votes. Mr. MacDonald will serve for a one year term. In the voting he was followed closely by former Mayor Jimmy Burleigh with 268 votes.

Voting listed as follows:

W. F. Kortzman	377
W. A. "Mac" Brunelle	311
Wm. MacDonald	271
Jimmy Burleigh	268
Paul J. Leach	191
Wm. J. Owen	129
Jack Neale	119

Voting was remarkably steady during the day with 500 ballots cast out of an eligible list of 3418. Of this latter figure there are about 300 absentee property owners, so that the vote was nearly fifty per cent of those available to cast their ballot.

Three years ago 740 ballots were cast in an election which saw the combined action of a municipality council and a central council vote on a matter of importance.

Travis John Pullman was re-elected by acclamation to the Edison District School Board. This is a five man board which is a successor from the previous district centralization. The board meets usually in council with the school division trustees on matters affecting Edison's townships. Other members are J. T. McManis, J. Griffin, D. M. Cullen and G. T. Harrison.

Other members of the six man Town Council are Councillors F. W. Wells whose term expires next October; Councillor M. D. Steele and L. A. Nelson whose terms expire in 1961.

Next year's election will be for the mayor's seat and the Council seat held by Mr. Wells and Mr. MacDonald. Councillors hold their seats for three years and two terms every year. The mayor is elected every other year for two years.

Councillor Brunelle will take his oath of office at the first meeting of the Council on Monday, Oct. 23. The "old" Council will meet once more on October 30.

Business officers for the election were Secretary-Treasurer: C. Glegg.

Reorganize 4-H Clothing Club

By PAT CROWIN

The reorganization meeting of the Peers 4-H Clothing Club was held in the Peers School at 12 p.m. on Friday, October 8. As some of the members can't get to the meetings if they're held at the different homes, the meetings are to be held in the school during noon hour, from 12:00 p.m. to 1:00 p.m.

The club is starting with its new season of clothing with a total of 12 members. Members were elected for the executive and Mrs. Young, the club leader, discussed the year's projects. Mrs. Ruth Acorn is the assistant leader.

Dr. H. Horner, MP, Explains Farm Problems to Chip Lake FIA Group

A special FIA meeting was held at 8:30 p.m. at the Chip Lake FIA hall last night to hear Dr. H. Horner, MP, explain the problems of the farm sector.

Just Pontiac's creative artfulness to come up with another fresh original for 1960! So fresh, they've established a new point of view in automotive values.

With clean, graceful lines they've composed a delightful ride of fine with safety and rhythm.

To complement the softer ride of the improved supple suspension, they've added the extra safety of torsion control. Then they finished virtually all driving noises with a more skillful, balanced application of sound soaking insulation. This is a car with near perfect acoustics.

Whatever power plant you choose... it's typically Pontiac... choice of reaction, ground-pulling V8 or a frugal economy 6-cylinder engine that produces regular grade gasoline.

Haven't you been an admiring spectator of Pontiac long enough? This is your year to become a participant in Pontiac pleasure, where for 1960, the enjoyment is the fullest, where the point of view is the freshest.

See this Pontiac on an Edson Motor Co. display. You'll see a car that's new, modern, and different. You'll see a car that's new, modern, and different. You'll see a car that's new, modern, and different.

LOOKING at SPORT

By BILL KAHNEMUTH JR.

Big news this week was the formation of a boys' and girls' High School Basketball League involving the three towns of Edson, Jasper and Hinton.

A league of this nature will be a shot in the arm to the game in this area as it was in need of such competition at this time.

With only three teams in the area and the long traveling distances involved, it was thought that a league of this nature was only fair games. This means that each club will meet the other

once at home and again in the opponent's town. All league games are to be played on Friday nights, starting with the girls' teams meeting first and the boys' teams taking over the last half of the week.

At the end of the season, some time in December, the two top teams will meet in a home and home final point series to determine league supremacy. The champion will then represent the district in the Northern Alberta Finals at Edmonton.

Although details haven't been finalized as yet for the league it is known that the schedule opens on the new year will be Friday, November 13th when Edson hosts the Jasper boys' and girls' teams.

Future contestants in the league are working out twice weekly at the gym under the supervision of Mr. Lockhart, the town's new coach.

With set-off data being Wednesday the 20th, 15 players are furthering it out for the two small all-star teams on the club. Though

workouts are in evidence by the many bruises and new joints and cuts by the players, only serious results in the future. In three leagues the boys' and girls' teams will be ready to go.

The girls' team is just getting organized along with the other

C.W.I. whist score

Mrs. Marie Adler and Mrs. Joe Wynn were the lucky winners of the whist score for the week of October 20.

They scored a high of 150 points.

Kinnettes ask scores turned in

The Kinnettes, Brenda Thomas, started the first week in October. Brenda Thomas, an entering the weekly results of letters.

Letters are requested to turn in their score cards to Mrs. Helen Chisum. As soon as these scores are all turned in the high score of the week can be determined and published each week.

Letters, as it looks to H. Chisum, will be getting off on the right foot this year.

Most scoring cards on TV will now reveal to new times coming on one hour later than usual due to the switch back to standard time in the east. On

dark this weekend on TV are: Hockey, Friday 8:00; news, 8:30; volleyball, 9:00; tennis, 9:30; and the 10:00 hour. Saturday 7:00 (radio) news, 7:30; tennis, 8:00; and the 9:00 hour.

Football, Monday 7:00 and yet previously scheduled on B.C. 1st zone of great fields.

Due to some delays in our course for these events TV (Globe) we can't be certain about the teams participating in the 1st zone of great fields.

Partners have been put at the work parties on the cutting site. It is hoped that all outdoor and indoor high school events will turn out to give the much needed assistance in building the artificial site.

Art Club sponsoring course in Edson

An intensive art course is to be held under the auspices of the Edson Art Club, November 14 to 21, in the high school.

The course will be directed by Miss Madeline of Calgary. Every day, composition and the use of oil and water color will be the main objectives.

One of the courses will depend on the number of students to enter. They will be held in the evenings, except on Saturday, when they will be held in the afternoon. The fee is \$1.00 for registration, including materials.

Students are well as advanced students are welcome to take part. Anyone out of town might like to take advantage of this wonderful opportunity.

Miss Madeline is associated with the Education Department of the University of Alberta. The Edson Art Club is affiliated with the Edson Craft Course.

MRS. MANUAL ENROLLS IN SIX MONTH LIBRARY COURSE

Twenty library courses from various centers in Alberta have been sponsored by the University of Alberta. Mrs. Manual Enrolls in Six Month Library Course.

The training program is designed to acquaint candidates with the basic elements of library service. Candidates will be placed on the responsibility of the central unit to build and maintain a library which reflects and fulfills the needs of the community and to help use the money donated by library boards for books.

Sections in the correspondence course deal with cataloguing and classifying, book selection, making the library more functional, the Librarian Act and library administration, public relations, library evaluation and children's work.

A three-day contact and residential will be held at the University of Alberta.

CNIB speaker guest at local Lions meet

The Lions Club held their regular meeting in the Commodore Hotel banquet room, Thursday, October 29, with President Mr. J. H. Smith presiding.

The guest speaker was Ward H. Smith, representative of the CNIB, who spoke on the importance of the blind in the community.

Mr. Smith's address was well received by the audience. He spoke of the many things that have happened in the world since the war.

He also spoke of the many things that have happened in the world since the war. He spoke of the many things that have happened in the world since the war.

Senior government announce winter labor cost program

For the second year in a row the Federal Government will pay 20 per cent and the Provincial Government will pay 10 per cent of the payroll costs of approved winter projects undertaken by labor organizations. This year's program will run from December 1, 1939 to March 31, 1940.

The Municipal Winter Works Initiative Program, initiated last year as an aid to relieve seasonal unemployment, will be carried out during the 1940-41 season on the same terms as last year.

The Federal Government will assume fifty per cent of the labor costs involved, the Provincial Government 25 per cent, and municipalities 25 per cent.

The program is designed to provide work for the unemployed during the winter months. It is a continuation of the program started last year. The program is designed to provide work for the unemployed during the winter months. It is a continuation of the program started last year.

Projects would include the construction of municipal roads, bridges, sidewalks, bridges and other public works. The program is designed to provide work for the unemployed during the winter months. It is a continuation of the program started last year.

Take one to Anne's before November 7, 1939

When it comes to the before it gets to us, we request you make sure your lines
are in suitable condition, and we request during the cold weather.

Here are some points to remember:

- Appliances should be free of dust or foreign objects. Furniture should be checked and the gas valves are not obstructed.
- If doors and windows are loose fitting and drafty, weather stripping will help to eliminate this condition and prevent heat loss.
- The humidifier should be checked to make sure that it is clean and that the float valve operates.
- Every gas appliance with the exception of late model gas ranges must be properly vented. Chimneys and vents should be checked for blockage and state of repair.
- Furnace air filters should be checked and either cleaned or replaced.
- Motor and fan bearings should be oiled according to manufacturer's directions.

Check your furnace yourself or call a qualified service man. And remember, taking these precautions NOW will pay off in comfort and lower heating bills THROUGHOUT THE SEASON.

Youth to administer town affairs all day Saturday

A "Youth in Government" plan is one of many interesting activities planned for "Youth Appreciation Week," sponsored by the Optimist Club of Edson for the week of November 9 to 15.

Youth Appreciation Week is sponsored by hundreds of Optimist Clubs in Canada and the United States to emphasize the fact that most of our youth are fine citizens, deserving of our attention and support.

The "Youth in Government" plan is a series of activities designed to give youth a chance to administer town affairs. The plan is being carried out in Edson, Alberta, and is being carried out in many other towns in Canada and the United States. Education - why the commotion?

Perhaps never before in the history of teaching have students resented to their classrooms as much as they do now. Education is always under attack, but never before in the history of our civilization have average minds, or the average which is the average mind, been so much attacked. Recently, during a week of the fifty-year-old and, it was named after it, a London fair and committed to paper were at his philosophy which, in part, is a force, one to challenge the philosophy of democracy, and effect control of half the world, forcing some sort of the future, technology on some point of hand, something on which each can be expected to follow a path which will carry him to the future.

Like no longer simple. There are who live with the beauty and the glory of rural life, and from the teaching side, the day comes more complex. We no longer live in an age when farmers can farm and be done with it, or when they can contact with others in the Saturday

and Sunday morning. The age of isolation has passed. We are now a part of a world without sight. We are now a part of a world without sight. We are now a part of a world without sight.

Thanks folks! We would like to take this opportunity in thanking the people of Edson for making our short stay such a happy one. It is such a wonderful feeling to have you have made us happy friends whom we hope to see again.

Thank you and God bless all of you.

Kin Man's fashion show coming soon

It will be between 10 and 11 o'clock. It will be between 10 and 11 o'clock. It will be between 10 and 11 o'clock.

Following a very successful venture in our surrounding towns of Edson and in the town of Edson, the Edson Showmen are announcing an opportunity in the town of Edson by the district members last week.

Featured will be what the well known show will have on all occasions — and there are lots of 'em. The show is scheduled for Friday evening, November 27 to the high school cafeteria.

High River Times.

It is noticeable that the handling will be forced to rely on that which is the most important. It will be forced to rely on that which is the most important. It will be forced to rely on that which is the most important.

This is why the hour and any have been raised. This is why most of the major expenses of our lives, this month during Education. There is, however, a realization that better broader education is necessary, not only so that we may play our part in a right world, but so that we may protect our part.

Snack Bar to fill out shopping service

The new and modernizing Edson Shopping Centre is set to open this week to the public. Opposed by Betty Krawchuk and Johnny Grodzicki, the selling spot is in the old meat market building, one of the most modern in the province.

Combining the comfort of local service with the convenience of modern speed, the shopping centre will be a bright, attractive appearance.

With the latest in modern equipment installed by Builders and Builders Supplies Ltd. of Edmonton, the modern trend in efficiency and cleanliness is emphasized throughout the preparation and service part of the bar.

CHEF'S COOKING TIP . . . The secret of perfect Pot Roast is threefold: First, choose only the tenderest beef (Tablette, of course) . . . Second, immerse it in a liberal amount of your favorite sauce (a blend of spices or wines from your cookbook) . . . Third, simmer the roast slowly and evenly! Baked potatoes cooked with the meat taste delicious . . . but any potato tastes **ESPECIALLY** good when covered with the juice of the roast!

Edson squad unbeaten In basketball loop

A conquest on a 22 win, 17 day in the Crescent Valley School at Edson recently guaranteed Edson of a play off position in the league. With all home having played an even number of games Edson has a 2 and 0 record, Zupper is credited with a win and a loss while Hanson has yet to win a game. As the season only play 4 games all around Edson has clinched a 1 and 1 record as for first place Friday's contest in Hanson proved little excitement as Edson led 21-20, 22 and 23 to 13 in the victory.

Edson took their share of glory for the night as they came down behind to win out Edson 14-12 in the first contest. This started the home team that Edson, 14-12 in the first contest. U of A lads trounce Edson

A victory of 12-6 at the University of Alberta, Sunday, December 1, 1939, trounced the local 128-78 as an exhibition basketball contest.

The city team outshined and outplayed the more experienced high schoolers who failed to mount an adequate attack.

Former Edson players Earl Bebel and Mel Sully, both of 10 and 18 points respectively for the U of A team, trounced a team for Edson as he scored 23.

Crowd out Thursday for Mills opening

The opening of the new Mills building in Edson, Alberta, on Thursday, December 2, 1939, was a most successful one. The building, which is the largest of its kind in the district, was opened to the public at 10 o'clock and the crowd that gathered was very large. The building is a fine example of modern architecture and is well equipped with all the latest facilities. The opening was held in the afternoon and the crowd was very large. New beer hours should eliminate pub-crawlers

The new beer hours in Edson, Alberta, which are to be in effect from December 1, 1939, to December 31, 1939, should eliminate the pub-crawlers who have been a nuisance in the town. The new hours are from 12 o'clock to 11 o'clock in the morning and from 12 o'clock to 11 o'clock in the evening. This will help to keep the streets clean and the peace of mind of the residents. The new hours are a good idea and should be adopted in all towns.

FRANK HENDERSON, a well known Edson contractor is the holder of the new Mills Foundation and designed three which opened last week.

Caught by THE LEADER camera in the midst of a conversation on "Meet the Teachers" night at the school is Principal A. H. Dakin and Mrs. R. Moore.

Shooting affray sends one to hospital, other to Fort

A shooting affray which took place at a dance party in the Cowley Hotel, a well known hotel in Edmonton, Alberta, on Wednesday night, December 1, 1939, resulted in one man being sent to the hospital and another to the Fort. The shooting was the result of a quarrel between two men. One man was shot in the arm and the other was shot in the leg. Both men were taken to the hospital and are now recovering. The shooting was a serious one and has caused a great deal of concern in the community.

Join the Caravan this weekend

Wondering what to do this weekend? Why not join the group who will be making up the motor caravan to Grande Prairie at the weekend? It's going to be a lot of fun and will be helping to make the journey that has been so long and hard. The caravan will be made up of motor cars and will be traveling through the beautiful scenery of the province. The caravan will be a great way to see the country and to meet other people who are interested in the same thing. The caravan will be a great way to see the country and to meet other people who are interested in the same thing.

MRS. M. APPOLTER (center) is talking to Mrs. C. Larson about her son's report card while Mrs. B. Bannister is inspecting her daughter's books, at last week's "Meet the Teachers" night for local schools.

The Voice of Edson Constancy

Vol. 7 Edson, Alberta, Thursday, December 10, 1936 No. 41

Mrs. Lena Mahon of Edson was among the five advisory boards of the Cultural Activities Branch of the Provincial Department of the Interior. The boards made up of activities in the fields of music, drama, literature, arts and crafts, and sports, recreation, meet several times each year and advise the government on cultural activities within their own spheres of interest. They are also responsible for suggesting schedules of grants to municipal governments, and grants or scholarships to individuals.

More than \$200,000 was made available in grants and scholarships in 1935. Members of the board, from left to right, are: P. D. McNeil, Chairman; W. D. Macdonald, Acting Secretary; Mrs. A. Brown, Post-Master; Mr. R. K. Kane, Coordinator of Cultural Activities; and Mrs. Lena Mahon, Edson, and Mrs. E. McNeil, Grande Prairie.

Council award crushed contract to Ciciarelli Bros.

A contract for 2000 yards of crushed gravel as part of Edson's winter work program was awarded to Ciciarelli Bros. at the regular meeting of the Council on Dec. 3. The gravel is to be crushed to pass a three-quarter inch screen and to be delivered to specified locations around town by the Provincial and Federal Governments as a winter works project.

Other possible winter works projects were discussed and the winter works committee were asked to bring in recommendations to Council for consideration.

Present were Mayor W. H. Kane and Councillors W. D. Macdonald, W. J. Armstrong, W. Donald L. A. Mahon, H. D. Hume and P. G. Wain.

The terms of lease and option held by William Kane on lot 1, Block 21, was extended to June 30, 1938.

Approved of Council was granted to placing overhead signs by Edson Hardware & Building Supplies at premises on lot 3, Block 21, on substantial property in downtown Edson.

Approved of Council was granted to take of Christmas Trees by Optimal Club which Town Building Commission was ordered to take for further action.

The requestant of Rev. J. H. Halliwell as Protestant Minister confirmed and that authorization of annual bazaar, payment in sum \$200.00 was approved.

The Secretary was instructed to direct the Police to have Highway 101 fit for the purpose of safety in walk at all times 18 P. M. to 12 P. M.

Mayor Kane will now give power to get Christmas decorations on submission to him of recommendations of Board of Trade.

By Law No. 872 amending the rates for garbage pick up more frequently than once a week from commercial premises and making regulations for first, second and third time and passed.

The following accounts were passed for Edson, William (Paid on Page 4)

Resident pulp cutters to get government 'relief'

Shades of the hungry thirties?!! Resident pulp cutters at a recent meeting were told by Lands and Forests Minister Norman Wilmer, M.L.A. for Edson, that as a "relief measure" the government would allow them to cut 100 cords of pulp on Crown land instead of the 500 cords they have been allowed until this summer.

Members of the recently organized Edson and District Pulp Cutters Association presented a letter to the Minister urging a compromise on the arbitrary cut from 500 to only 100 cords. The resident cutters, who work independently in the Edson forest and depend on winter bank work for the winter months, asked for a compromise of 200 cords.

Following is the brief:

1. That permits to cut pulpwood for delivery to the mill of the Northern Pulp and Power Company at Edson, be restricted to household residents of the district where such permits are to be issued and not to be issued to anyone else.
2. That such permits be issued for the use and benefit of the permittee only, and that, upon receipt of the permit, the permittee be required to submit the location of the area on which they wish to cut.
3. That applicants for such permits be required to submit the location of the area on which they wish to cut.
4. That permits be issued on payment of advance dues on 50 cords of pulpwood, plus 10¢ per cord of 100 cords, and that such permits be subject to cancellation by the government at any time.
5. That the cutting of wood on the district be not considered as a relief measure, but rather, as a limitation from an economic point of view, on the number of cutters and thereby to be based on the cutting of wood.
6. That permits qualified to cut pulpwood be issued permits to cut up to 200 cords of pulpwood on public lands and covered in law or reservation in the North West Pulp and Power Company.

Takes Jack with fine like an airplane

Nick Antonenko told us the other day that now he has a quote of his game he's gone back to on fishing.

Among his recent catch was a fathead (Sturgeon) fish, as you perhaps with a net of last time like an airplane.

Many for greater stability in the water perhaps.

Former district resident and inventor dies

Francis Wharton, 62, who lived in Edson for 10 years, died last night at his home in Edson, B.C., 80 miles north of Vancouver.

Mr. Wharton made the news a couple of years ago when he built a house for himself and his wife, which he had devised "bugles" which, as he termed them, were two high, for the air to be pulled in and exhausted a set of false teeth for himself.

During the several years he lived here Mr. Wharton was in constant contact with his own invention as an expert in mechanical engineering and inventor who is said to have invented more than 1,000 devices, many of which were patented.

Building permits issued by the Town for 1969 to the
of November amounted to \$140,234 to make this year

Two of the largest items this year are the new elementary school at \$2,240,000 and the proposed new provincial building at \$1,200,000. The latter is a store, treasury branch, for office and a vault for the coin room. The progressive building and the dental building in the old building has been estimated at \$100,000 in the previous appropriation. Right now the feet in the ground are up to the winter due to the steel work.

Wildwood delegation meets board re high school

The delegation presented numerous points in support of their brief and were assured by the Board that it was very impressed with their interest in the problem under review.

The chairman opened the meeting at 10:15 a.m. with the following members present: Trustees A. P. Pannik, M. Nishimiyuk, J. H. Sutton, P. A. Heilbrunn, L. A. Vazir and A. W. Krayman; and Secretary, Mrs. J. K. Boudoff.

It was moved that the Board accept insurance in principal and that the decision be deferred on March, for the budget meeting.

Season's Greetings

Christmas is a fleeting thing if it encompasses only the present. The true Christmas must be brightened with past memories. The love of a family, the laughter of a child, the handshake of a friend, and equally as much, it must be lightened with hope for the future. For peace throughout the world, for peace within our hearts. These are the true happenings of Christmas, the "day to live with" of which the angels sing.

Blissfully Yours
— Mrs. H. H. H. —
Over the long white miles of snow, the winter sun shined brightly. The snow was deep and soft, and the air was clear and cold. The children were playing in the snow, and the dogs were running and jumping. The birds were singing and chirping. The world was beautiful and peaceful.

Two dead in camp shooting

A lumber camp at Keith on the La Prairie branch was the scene of a tragedy last night when two men were killed and a woman injured in a shooting.

The men were identified as Jim and Charles. They were both from La Prairie, Manitoba, and were working at the camp.

The woman was identified as Mrs. Mary. She was also from La Prairie, Manitoba, and was working at the camp.

The shooting occurred in the early morning hours of last night. The men were killed by a single bullet.

The woman was injured by a bullet to the chest. She was taken to the hospital and is expected to survive.

The cause of the shooting is not yet known. The police are investigating the case.

The camp is located on the La Prairie branch, about 10 miles from Keith.

The camp is owned by the La Prairie Lumber Co. and is operated by the company.

The camp has about 20 men working at it. They are all from the La Prairie area.

The camp is a small one, with only a few buildings. It is located in a wooded area.

The camp is a good one, with comfortable quarters and good food. The men like to work there.

Book changes a menace

By S. S. MONTAGNE
There is something to be said for book-burning. It's human. Nobody can understand what a book burner is doing.

A more subtle menace than the book-burner is the book changer, who leaves the books and then the books being but creates the book burner's new shape.

This parasite has been busy, in recent years, changing the shape of the book. The new "Wunderland" and "Alice in Wonderland," and "Garden of Eden" is a beautiful book.

Such rewriting of children's books is supposed to make them clearer and easier to read.

The copy of "Treasure Island" that a man buys for his son is a Christmas present may turn out to be only a hollow shell. It is written, like a book, but it is not the book, and it is not the book's mind.

I have complained about the book-changers before. Lately someone has written a plan for the Saturday Evening Post on the subject.

"What Way Best Children's Books?" asks J. C. Farnes in the Post.

On the cover of a book headed to junior high school pupils by New York City Board of Education, J. C. Farnes read the words: "David Copperfield," by Charles Dickens.

"The last inside was not what Dickens wrote under that title," J. C. Farnes stated. The inside was a book of heavy editing and rewriting. "Someone had gone to the water works wherever Dickens wrote and had added something."

"To give children a last edition of Dickens is a last edition of the spirit of the book," J. C. Farnes wrote. "The book is not the book, and it is not the book's mind."

Farnes is right. I have some of these altered books in my own home. Among them is a "Walt Disney version" of "Alice in Wonderland," which is trimmed to a fraction of its original size, and is written by "Alice" through the Looking Glass and decorated with several new illustrations and scenes which are purely the invention of Disney and his team.

Should the publishers try to bring "great stories" into the world of the altered reader, by simplifying the stories and taking them to kindergarten level?

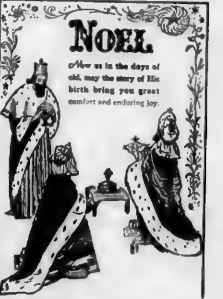

It doesn't work. Children need to find some tough, strange words among the ordinary words, to make their minds grow. And the more the words are ordinary, the more the words are ordinary.

Plastic flowers fool the bees

By G. H. MONTGOMERY

Plastic flowers that look real enough to fool the bees, are in vogue in Canada. They come from factories in Hong Kong, Japan and Japan.

They may be a serious threat to the Canadian flower-growing industry.

I found a vivid spray of plastic carnations in a grocery store, priced at 40 cents. The stems had sharp thorns and there was a fresh glow on the leaves, as if they had just been picked.

Inside them to reveal, being a plastic seller's only guarantee with plastic dyes on the tip of a petal, and these plastic flowers would deceive Luther Burbank.

The synthetic flowers are on sale alongside real ones in many flower stores. Like the valley, dogwood, orchids, all cleverly fabricated from polystyrene.

"But people will always want real flowers," a wholesale florist assured me. "Artificial flowers can't match them in substance."

I'm not so certain. The artificial flowers look irrefragably real. It worries me to see them; they are a symbol of the way

that mankind is losing touch with the earth and its living things. Just why artificial and flowers, and artificial people plants are on the market. You can buy plastic carnations, including five-year-old plastic carnations. All of them look real.

Stores and offices are planting indoor plastic gardens. They are used to rooms that are too dark for real plants, where the sun can't get in. No more leaves or petals to fall on the customer's mantels, either.

A man will be able to have a brilliant air-conditioned garden, anywhere in Canada. The room, landscape and flowers will make a fine display in the home.

A vacuum cleaner and a deep tray will be all the garden needs. A man needs to cultivate the plastic and plastic flowers. As a man will, I don't look forward to them.

Plastic carnations will be useful to the thirty young housewife who wants to convert some of the money she has lavished in taking a girl to a dance. If he feels that the evening has not been a success, he can demand his change back.

The plastic bouquet will prove well in Hollywood and stage. Hollywood need not have around waiting to catch it. The bride will carry it off in her honeymoon suitcase. Six months later she can wear it with a deep sigh and use it again. There's a useful household item for you.

Coming upon a bouquet which the flower man had brought back from school, the florist promptly called the house owner. "How, indeed," he said diplomatically. "I don't want to appear ungrateful, or raise any unnecessary fuss, but I'd want you to say what's being done in other yards."

CHRISTMAS DECORATIONS
The festive atmosphere can be enhanced in your home by a few inexpensive and easily made decorations. It may be a good job to entertain the small fry as they

are progressively more excited as the coming event.
WREATH
Dress a wire coat hanger into a circle. Attach five chicken wire to the hanger frame. Where open rings and could hang the to the hanger. Attach cones, decorative balls and decorative ribbon. Now, it is ready to hang in the window on the front door or over the mantle.

BELLS
Small snow cones with one red string off may be painted red, green or gold and look very Christmas tree ball looks to look like the real thing. Tie a group of three to some evergreen boughs and hang the whole thing in the front window or outside.

For gift wrapping paper use

provide for intricate designs and from stiff white paper. It could be a green or gold or silver. Christmas trees or a Santa Claus with with figures in a group. This decoration can be attached to the front door or placed on the wall at some strategic spot. Colorful balls hang at a window from twisted lengths of ribbon make a splash of holiday brightness from indoors or out.

MANICURED can prove very versatile in making decorations. Place 48 pieces of aluminum foil of any desired size together and attach across the entire using a long stick. Leave a length of string at the end so the decorations can be hung up. This is the best way for making different types.

Put out a bell shape using the tip of sticking to the center of the bell. Now you have a dozen little bells which when you shake the leaves will reflect light from many sides. You can also make stars, flowers and various geometric shaped decorations by following the same plan.

Conservatives to meet in Edmonton February 26 - 27

The annual meeting of the provincial Progressive Conservative Association has been called for Friday and Saturday, Feb. 26 and 27, in Edmonton.

It is expected that Prime Minister Diefenbaker will be present for a major public speech in the Jubilee auditorium.

A tentative date had been set for January 2 but this was found to be impractical. Delegates from both federal and provincial associations will be present at this meeting, party officials state.

Edson boot maker turns out top product

A top quality hand-made work boot manufactured in Alberta is becoming known in Western Canada as one of the best on the market. The boot is the product of the Martin's Shoe Manufacturing Company, operated by a 60-year-old new Canadian, Martin Degre of Edson.

The output of Mr. Degre's small concern has multiplied itself tenfold in its second year. The leather craftsman has now made 70 pairs of boots as a sideline to his shoe-making business in 1939. Since he started him to revitalize his product, and as a result production increased to 100 pairs the last year.

He stated that his product was compared with the best available. Mr. Degre began making on wholesale terms, distributors and many department stores. Acceptance was good and last year orders were made up for more than 1,000 pairs. This year the plant will turn out in excess of 1,000 pairs of boots.

Mr. Degre has had 23 years of experience in the shoe repairing and manufacturing business. He operated a small manufacturing concern in The Netherlands before coming to Canada in 1916. On his arrival in Canada he spent a year in Regina, then transferred money to buy out his present Edson premises in 1922. He is married and has a family of two children.

The Martin's Shoe Manufacturing Company will use approximately 12,000 square feet of first quality all-tanned leather for the upper structure of their boots this year. An additional 4,000 pounds of sole leather will be used. Leather heels are pre-manufactured.

The first step in the Martin's shoe process is the use of various sized sharp edged steel dies to punch and accurately shape the sole of leather. About 30 of these dies are required in manufacturing boots ranging in size from 6-11. When all patterns are cut out, the edges are trimmed. The component parts of the upper boot are then cut and stitched together on a number of special machines and placed on "lasting jacks". The leather is pulled over the heels of the last to give it the required hardness. A last is used for heel support, and a steel shank for arch support, are also inserted. The finished sole is nailed and sewn in the last proper giving it a total sole depth of approximately one inch. The

Mr. Degre closely examines a finished boot before packing for shipment.

Shown here are a pair of Marathon Work Boots, one a cowboy model.

Boots are lasted on after which the boot is trimmed and the edges are polished. Mr. Degre hopes in the future to establish a modern, fully equipped plant in Edmonton. At present he works with one assistant during the summer months, and two men during the winter months. Trade name for the Edson product is "Marathon Work Boots."

Season's Good Wishes

As the holiday season glides merrily in, we would like to take the opportunity to express our appreciation to all the good people who have helped make this year such a wonderful one for us. Thank you... and best wishes for loads of Yuletide happiness!
